LIGHTNING AND WIND CAUSE HEAVY DAMAGE IN TOWNSHIP

Cement block shed demolished on F. Schuler farm, River road

Pitch black skies accompanied by a high wind throughout Wheeling township Friday night reached almost hurricane proportions in the area between the village of Wheeling and Prospect Heights.

The greatest damage was occasioned at the farm of Frank Schuler, on River rd., near Milwaukee ave., where a cement block shed was nearly demolished, machinery damaged and Lawrence Rateike escaped with his life.

The building, 22x48, housed a truck, two tractors and other farm machinery on which Rateike was making repairs. When he heard the cracking of

the walls of the building he fled to an adjoining building, but because the wind was so strong he could not open the door; he witnessed the almost destruction of the building in which he had been a few seconds earlier.

He saw the roof flying through the air, landing a few feet from him. The machinery was covered with pieces of blocks and lumber. The overhead door crashed down upon a large truck. Some of the machinery received only minor damage, but a corn planter is beyond repair.

Mr. Rateike is a son-in-law of Mr. Schuler. Two sons, Herbert and Walter, were on the scene until a few minutes before the big blow.

IN PROSPECT HEIGHTS the storm also created havoc. Many trees were uprooted and TV aerials were blown down. The Dan Malloys garage can lid flew through the air, scattering in the porch at the Ralph Seeburgs were blown in and broken, a glass top of a table on the John Dunhams' breezeway was blown off and sailed with the wind for about 15 feet, leaving the table behind it. A lawn chair at the Dunhams home was also carried 20 feet away from the house.

THE STORM caused considerable damage just west of Wheeling. The village was without light for over an hour because of damage done to electric wires.

The storm seemed to cut a swath approximately one-half mile wide along old McHenry rd., leaving in its path uprooted trees and burning electric lines. It also made kindling wood of many garage and barn doors.

Heavy metal doors on the recently constructed lumber shed of the Wheeling and Geest lumber yard in Appleton were torn down and crushed like crumpled tin foil.

A LARGE poplar tree standing close to the farm house of the Frank Mai's was stripped bare of its branches and left standing; many large fruit trees were uprooted, and doors were torn off a barn. The house and barn itself received little damage.

The Wheeling fire department was called out twice because of burning live wires. One call took them to the Addolorata Villa on the northwest side of town; the other call was from southeast of town—a forest preserve owned home, occupied by Norman Grandt, located near the intersection of Milwaukee ave. and River rd.

Robert Palmer dies at home after long illness

Robert Francis Palmer, 86, who for many years was general agent for Chicago of Berkshire Life Insurance Co., died June 18 at his home at 406 W. Mueller st., Arlington Heights, after a long illness.

He moved to Chicago in 1873 where he resided for 60 years before moving to Arlington Heights. Mr. Palmer was in business in Chicago for almost 70 years, 50 years of which he spent with the Berkshire Co. He was born September 3, 1865, in Des Moines.

He was a son of the Hon. Francis Weyland Palmer, who during the terms of office of five Presidents was head of the United States Government Printing Office in Washington and prior to that postmaster of Chicago and a member of Congress. His mother was Mrs. Joie Goodwin Palmer.

Mr. Palmer was at one time president of the Chicago Association of Life Underwriters. A life member of the Union League club of Chicago, he was also a

\$10,000 fire at Stonegate tavern, Arlington Heights

Lightning about 1:30 Tuesday morning is blamed for a fire at Palatine which destroyed a building used by a squatter and also nearly caused the destruction of Stonegate Tavern, Arlington Heights.

Arlington firemen were able to save the adjoining business block occupied by Andersen Motors which was not damaged, although the tavern was badly wrecked.

Mr. and Mrs. Crane, owners of the building and operators of the tavern, escaped with only the garments they were wearing.

The entire second floor and attic were gutted. Quick and efficient work of firemen who played six lines of hose on the premises confined damage to the tavern and dining room.

Mrs. Crane recalls that a heavy bolt of lightning had struck about 1:30. They thought nothing of it, but about 3:30 they were awakened by the smell of smoke.

IT IS PRESUMED that the lightning had caused a short in the large electric sign on the

thirty-second degree Mason and a past president of the Arlington Heights Garden club.

Mr. Palmer's first wife, Mary Ludlow Palmer, died in 1926. Their daughters, Mrs. Tracy S. Voorhees of New York and Mrs. William H. Phillips of Oakland, Cal., survive him.

Mr. Palmer's second wife, Mrs. Mildred Palmer, also of Arlington Heights, preceded him in death.

Funeral services were held June 17 at his home at 11 a. m. Interment Fairmont cemetery, Willow Springs. Black's Memorial Home, Arlington Heights, was in charge of arrangements.

front of the building. Mr. Crane ran downstairs to pull all electric switches and to call the fire department. Almost immediately their bedroom became a mass of flames and Mr. and Mrs. Crane were unable to save any of their clothes or possessions on the second floor.

The firemen had hardly left before the two proprietors were at work clearing out the water and placing the bar in condition for business which was resumed that evening. The firemen loaned them a tarpaulin. The loss is estimated at \$10,000 and will require the entire rebuilding of the upper floor and roof.

THE PALATINE place destroyed was located on Williams ave. north of Bridewell rd. and west of Elia, about four miles from Palatine.

Impassable roads delayed the firemen who had to lay 600 feet of hose, partly through water, in order to get near the fire.

The building had been occupied until the previous day by a squatter.

EARLY DISCOVERY of a hay fire in a barn of the Kiehm peony farm, south of Arlington Heights, Algonquin rd., saved the barn and confined the loss to damaged hay Monday.

Mount Prospect and Arlington Heights fire departments answered the call. The water tank of the former supplied booster pumps of both departments with water. About three tons of hay was moved to insure that the blaze was entirely extinguished.

All swimming records broken at Arlington

Activities at Recreation Park, Arlington Heights, started off with a bang last Saturday when 1,278 youngsters and adults plunged into the swimming pool, seeking relief from the hot, humid weather.

Sunday saw 1,610 swimmers enter the pool and Monday's attendance of 1,871 broke all records in a single day's attendance at the pool. Opening day in 1951 saw only 425 swimmers, with the biggest day of the year being July 26, when 1,215 went swimming.

REGISTRATION for free swimming lessons, which are available to holders of season passes, began Tuesday, with 622 signing up. Registrations were closed Wednesday out of necessity, since there is a limit to the number of instructors available to give swimming lessons.

As of Wednesday morning 1,223 passes, children, adult and family, were sold, which breaks another record in the pool's history. The total number of season passes sold in 1951 was 1,020.

The general recreation program, including tennis, softball and handicraft, is also being rapidly filled. To date 102 have signed up for handicraft, 70 for tennis and 90 for softball.

THE SOFTBALL program will consist of 9 to 12 teams, divided into three leagues, midge, intermediate and juniors. The best 15 boys from each league will travel to play games with leagues from Palatine, Barrington and Park Ridge.

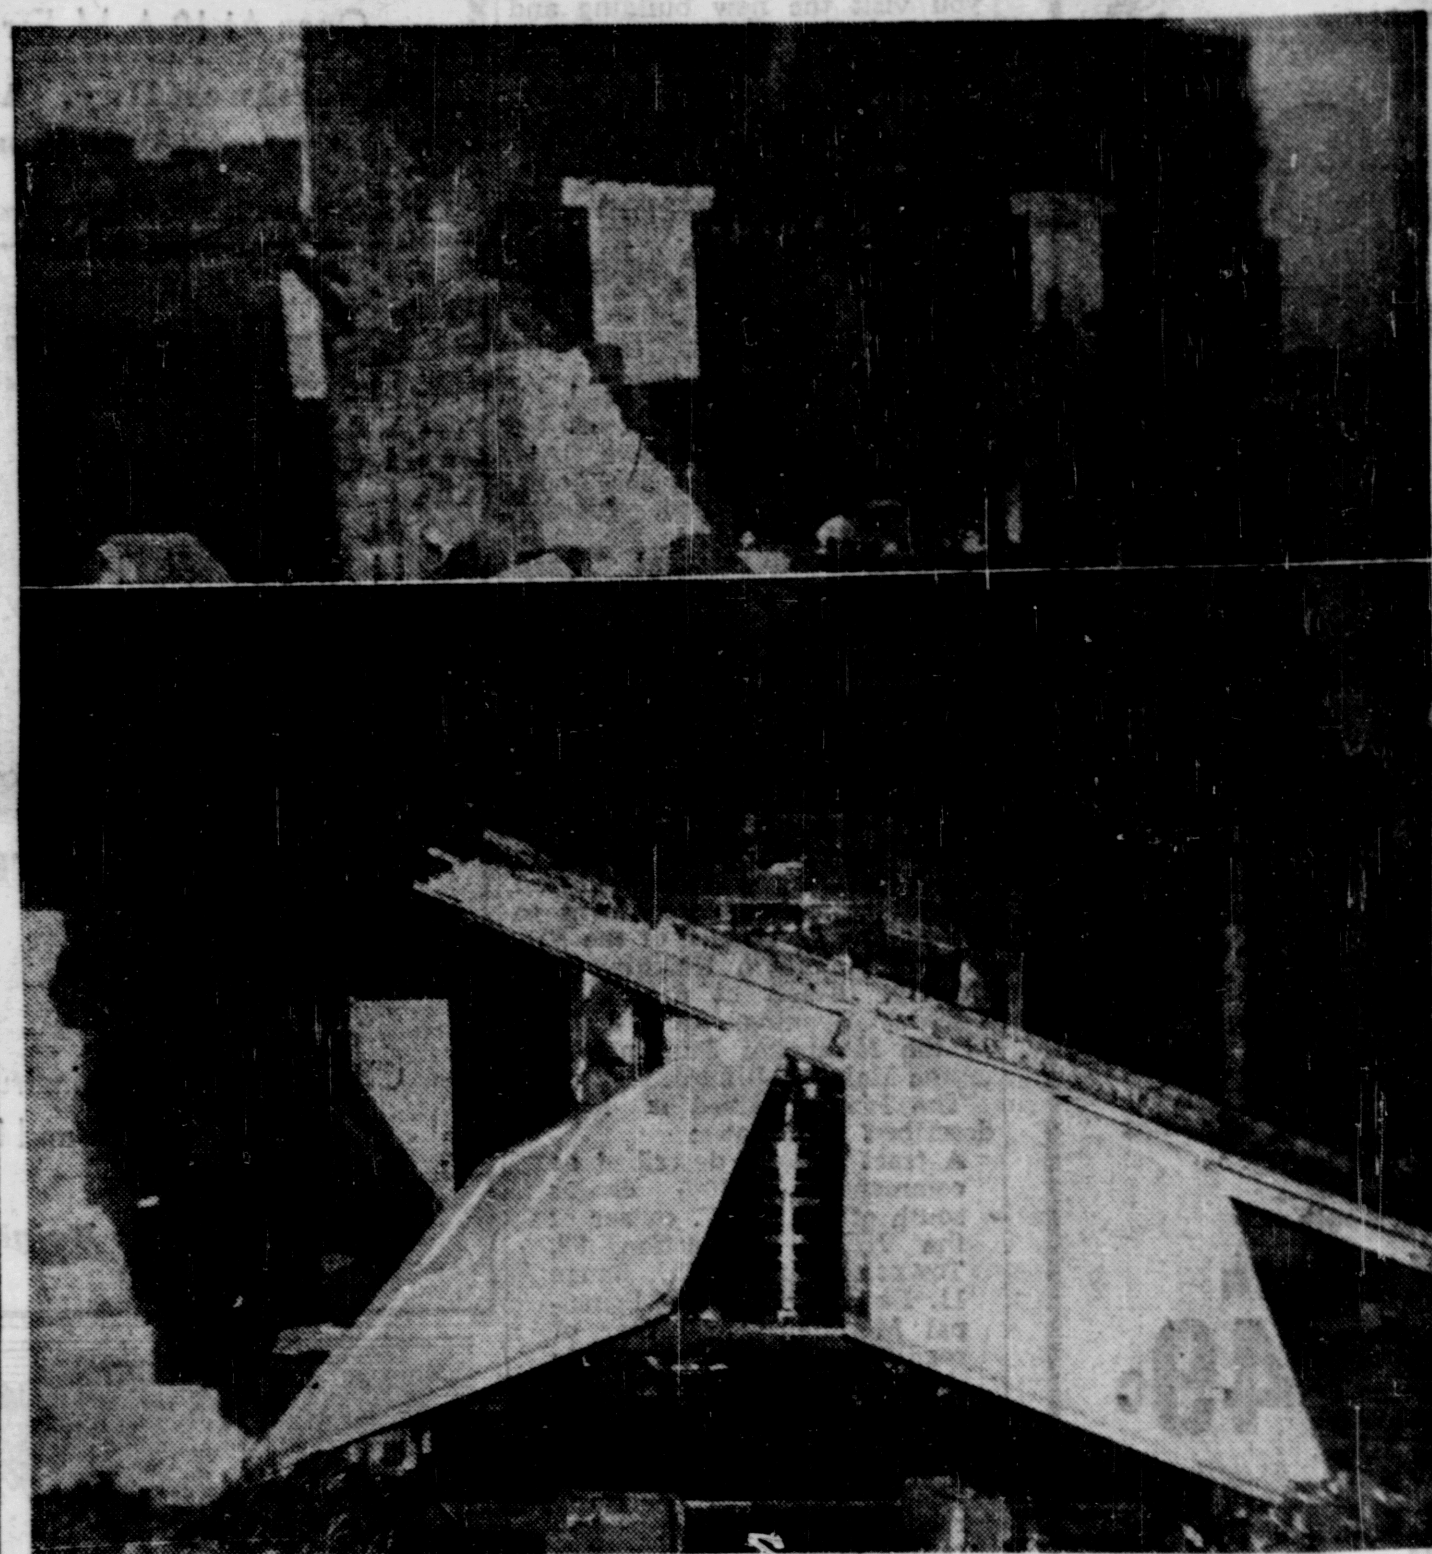

A Little League baseball team will also be formed. Registrations for the general recreation program are still being accepted, but will be closed as soon as its capacity is reached.

Art Holland is in charge of the swimming lessons and water ballet instruction. The playground activities are under the direction of Russ Attis.

No change in C&NW commuters tickets before October 29

The Illinois Commerce Commission Friday announced that it has suspended for hearing, the proposed increases in commuters fares to and from the loop, which were filed recently by the Chicago and North Western railroad, and the Chicago Rock Island and Pacific railroads.

The North Western's present fares must remain the same until October 29, while the Commission is hearing the case. The Commission will be able to suspend the order further, if more time is needed. The railroad is asking increases ranging from 20

A small tornado Friday destroyed this cement block building at the Frank Schuler farm on River rd. As the wind carried away the roof and doors, cement blocks fell upon tractors, trucks and other machinery.

Dial phones go in service July 19

It is now definite that telephone subscribers of Arlington Heights, Mt. Prospect and Prospect Heights will start dialing Saturday night, July 19.

Waukegan "changed over" last Saturday and Maywood will do likewise this week. **OFFICIAL** announcement of the towns that can be dialed will be made soon. Likewise, the special equipment that will be installed in the firehouse at Mt. Prospect and Arlington to enable regular firemen to learn the location of any fire. This equipment will not be for the use of the public.

The public is asked not to attempt to use the dial until the "zero" hour as such an attempt will obstruct the present use of the phones.

to 38 per cent. It had proposed to put the increases into effect July 1.

Pass \$394,160 appropriation for 1952-53 village expenses

Arlington Heights village board approved an appropriation of \$394,160 to cover estimated operating expenses in the village from May 1, 1952, to April 30, 1953, at its meeting Monday night.

This appropriation is \$83,150 more than the amount appropriated for the last fiscal year. Part of the increase is due to the general cost of living raise given to all village employees, including the police department.

The village dads also realized the necessity of having money on hand with which to purchase necessary parking areas and included \$8,000 in the appropriation for that purpose. They also allowed a sum of \$5,000 for contemplated street extensions through condemnation proceedings.

A complete listing of the ap-

propriation will be found elsewhere in this issue.

TRUSTEE EDWARD Carlisle felt the board should notify the village plan commission about the contemplated rezoning of the Pfluger farm from its present classification of residential A district to a commercial district. The matter is now before the zoning board of appeals, which will hold a public hearing on the matter before bringing in its recommendation to the board.

Since it is generally known that the property is being rezoned for a shopping center, Car-

lisle felt the plan commission should study the matter to see how such a center would fit into the general village plan, which is now being drawn up by the engineering firm of Stanton and Rockwell.

The property in question is located on State rd., approximately three blocks south of the present business district. It lies on the east side of State, between South and Grove sts.

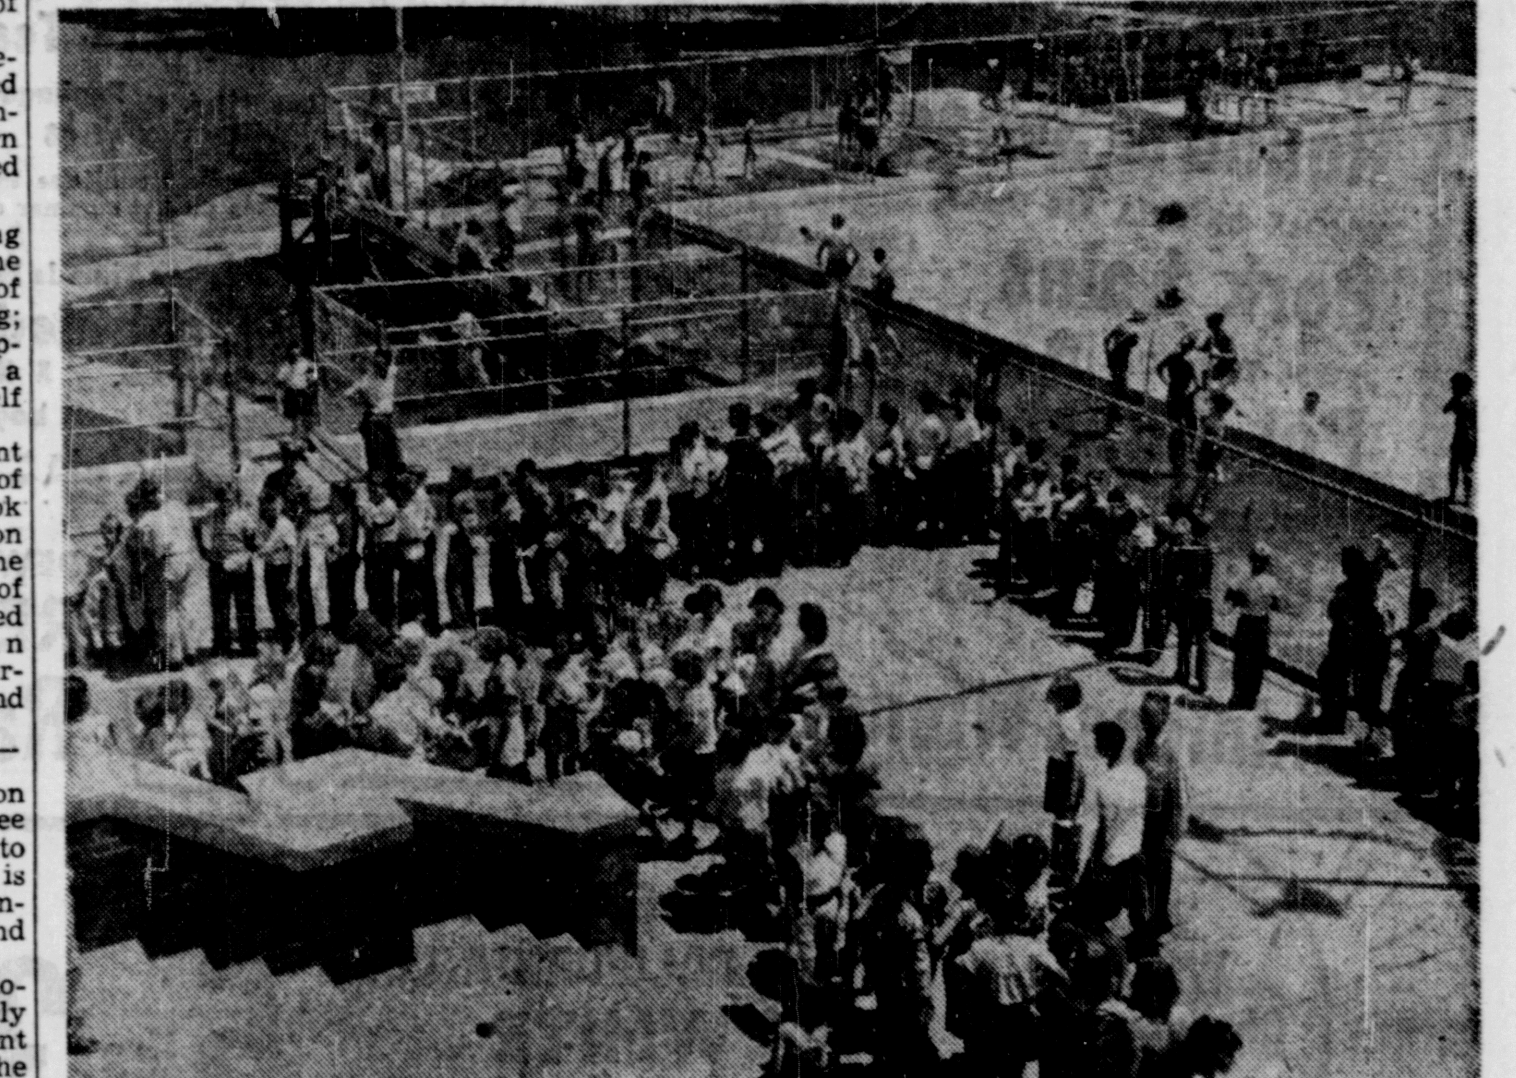

TWO MEN representing Northwest Improvement Ass'n appeared before the board to ask them to intervene in the contemplated rezoning at Palatine and Wilke rds. owners have asked that approximately 3 acres of a 15-acre tract be rezoned from residential to commercial property. An engineering firm desires to build an office on the site.

The board has not received word from the county zoning board regarding a public hearing. Since the village lies within a mile and a half of the location they will be notified of the hearing and will have a representative attend and speak in behalf of the village.

The men also voiced their objections to race track patrons parking their cars in Arlington Ridge subdivision. Besides creating a traffic hazard for the many children residing in the area, they also eat lunches in their cars and strew the rubbish throughout the subdivision, and trample across lawns walking to and from the track. The police department will be asked to investigate.

JACOB MAUER was given permission to remove the top soil on N. Vail ave. between Willow and Oakton, 250 feet of which he plans to improve with sewer, water and pavement. He has put \$1,000 in escrow with the village to assure his completion of the job.

Residents on N. Pine ave. have been having considerable trouble with the sewer along that street backing up in their basements. The board will ask the village engineer to come out to advise them what can be done to remedy the condition, which has been causing trouble for the past three or four years.

Swimming suits were the order of the day Saturday at Recreation Park in Arlington Heights as children lined up for opening of the pool.

Fail to find body of doctor drowned in DesPlaines river

Search for the body of Dr. Howard Sloan, 37, 1297 W. Early st., Chicago, who drowned in Des Plaines river Sunday, was still being pressed Wednesday afternoon. He lost his life a quarter of a mile north of Touhy avenue bridge at the dam near Touhy ave., Des Plaines.

Following the stunts of other swimmers, he attempted to ride his canoe over the dam. He failed to come up to the surface through the turbulent water which is created by the manner in which the dam is constructed. His wife had accompanied him to the river and watched from the shore. Forest rangers started a search for the body Sunday, and continued it Monday.

The navy and deep sea divers worked all day Tuesday but could find nothing. A watch downstream is now being maintained. The customary depth of six feet has risen to eight feet because of the heavy rains.

Gale Burdall, 14, lost his life in the same place Saturday. His body was recovered that evening.

The boy with companions had tried various stunts with a canoe. He had dived into the water above the dam and was swept over it.

Public hearing July 8 on rezoning of Pfluger farm to business district

The zoning board of appeals, Arlington Heights, will hold a public hearing July 8 on the question of rezoning the property known as the Pfluger Farm from residential district "A" classification to a commercial district. The property is located on the east side of S. State rd., south of George st., east of Bristol lane and north of Grove st.

The hearing will begin at 8 p. m., at the Arlington Heights village hall. All interested persons are invited to attend and will have a chance to be heard. If the property is rezoned a new \$2,000,000 shopping center is slated to be located on the 13-acre site.

Still time to vote on Roth annexation

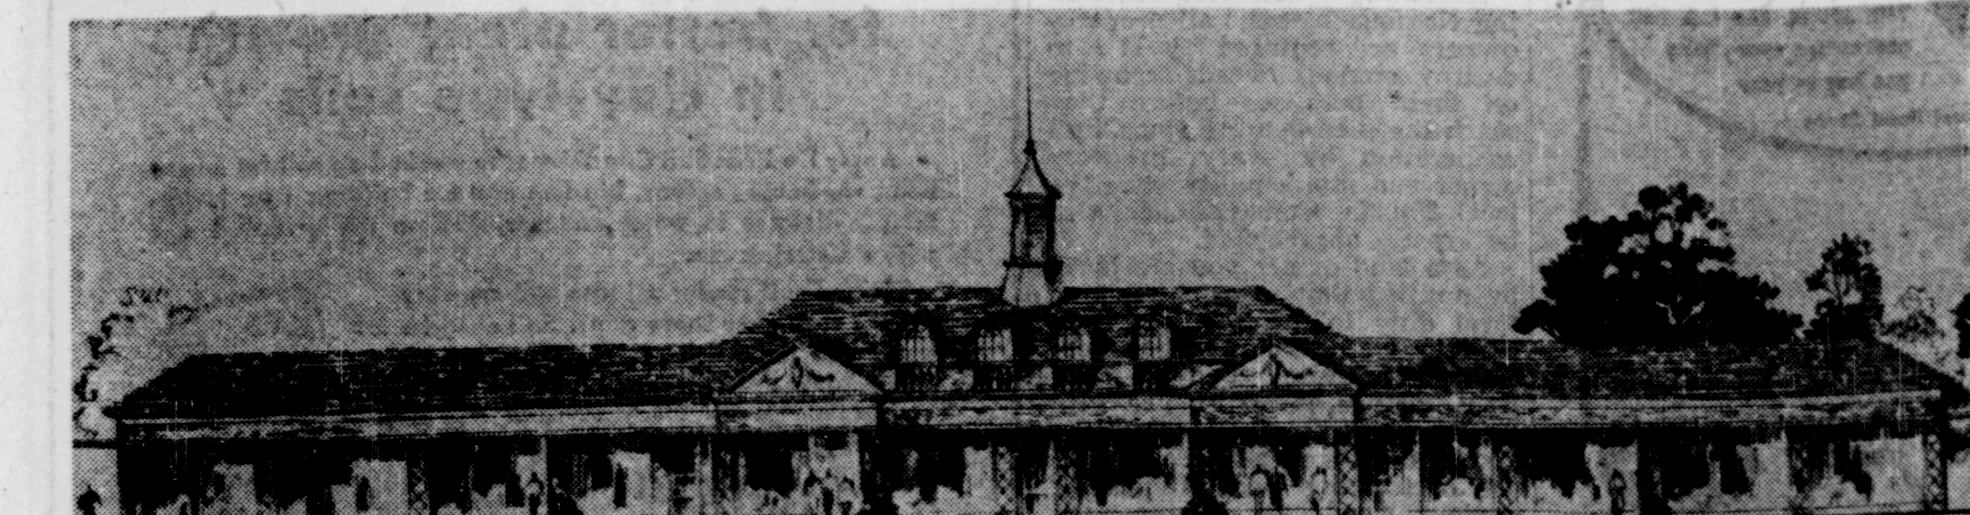

On account of a delay in the mails which deprived many petition signers from mailing their vote on the Roth Manufacturing annexation, prior to Monday, the committee has decided to continue to accept votes until Thursday night. Any postcard bearing a postmark June 26 will be counted.

Firemen open carnival; water fights nightly

The first carnival of the 1952 season opened in Arlington Heights Wednesday, under the sponsorship of the fire department, which plans to use the proceeds to purchase equipment for the department.

The five day event held at Recreation Park features rides for the children, games for adults, water fights with neighboring fire departments each night, and refreshments. When the carnival closes Sunday night someone will be \$500 richer. Further details may be learned on the carnival grounds.

"Nothing cooler on a hot summer night than watching the water fights," say the local firemen, "so come on out and cheer your department to victory and spend the rest of the evening in cool Recreation Park, where there will be plenty of excitement to take your mind off the hot weather."

One of five shop buildings planned as part of the proposed Arlington Heights Shopping Center. All buildings will be of Georgian architecture. Two are planned to face State rd. The one shown above is proposed to be erected between Pine and Belmont.

Arlington Heights township high school business office will be open from 8 a. m. to 4 p. m. daily, except Saturdays and Wednesday afternoons during the month of July, and daily from 8 a. m. to 4 p. m., except Saturdays during the months of June and August.
Students wanting work permits or age certificates are requested to bring birth certificates with them as much time can be saved if the student has the birth certificate at the time he needs the work permit.
The closing day of school and the following day, more than 100 age certificates and work permits were issued by the high school

Two firms offer siding shingles on a bonus plan
A number of inquiries have been received relative to the activities of salesmen of two firms interested in applying siding shingles on a bonus plan.
The village has issued no solicitor's licenses to the salesmen or the companies they claim to represent.
Inquirers ask if the plan offered is the same as that previously exposed in the columns of Paddock Publications.
It is suggested that home owners contact local dealers before signing any contract with an outside firm, no matter how alluring are the promises made by the ambitious salesmen.

Name new teachers at high school; 4 resign, 2 return from leaves
Teachers not returning to the Arlington Heights township high school this next school year are Miss Katharine Renich, instructor in art for the past five years, Theodore Seller, teacher and counselor, who is entering the business field, Miss Patricia Schipper, girls' physical education teacher, who will be married, and Clayton E. Mott, speech, radio work shop and debate coach who is also entering the business field.
Mott tendered his resignation to the board of education at its June 10 meeting. Until Mr. Mott's resignation was received, the high school staff had been complete.
Two teachers will return from leaves of absence. Clifford Gallant, French and English instructor who has been on leave to teach in Cahors, France, and Gene Bell, on leave with the fifth army, are returning.
The following new teachers have been employed: Miss Martha Craig, girls' physical education and biology; Miss Elaine England, girls' physical education; Kenneth Schaller, who will teach common learnings III; Carl Nelson, who will have physical science and physics; Mrs. Imgard Graham, librarian; Miss Helen Frye, speech correctionist; Maurice Kellogg, biology; Eugene Oliver, counseling and common learnings III, and Mrs. Ellen Courtney, home economics.

Linnemann and Reckamp receive state FFA agricultural awards

HERB RECKAMP
Donald Linnemann, a member of Arlington Heights township high school Future Farmers of America club, has been nominated by the state FFA to receive the American farmer degree.

DON LINNEMANN
Before requirements at the University of Illinois in the field of agriculture education and horticulture.

Don, a graduate in 1951, has been farming for himself for the past year. In order to receive this high recognition, a boy must be in the field of farming for himself. He must be active in all phases of agriculture work and have been a leader in his participating FFA club.

Before coming to Arlington Heights Bryson taught in southern Colorado, South Dakota and Illinois. He is also a musician, having taught music in several of the schools along with his agricultural work. He has, for the past three years, conducted the FFA band at their annual state convention.

THERE ARE 17,000 FFA boys in Illinois and only 17 or one per thousand may attain this recognition. In addition to having outstanding leadership ability, Don served as president of the local FFA, president of section VI of the state FFA as well as the state vice-president, chairman of the winning parliamentary procedure team, section VI, champion public speaker of section VI, served on numerous judging teams and has been very active in the 4-H club and the National Junior Vegetable Growers' Association.

To Get More Enjoyment From Your Used Car

Buy Your Used Car

From An Authorized, Local

New Car Dealer

The used cars that a local new car dealer offers to his friends and customers are cars that have come in on trade, not cars that "scavenger" used car lots buy for resale. We know because the cars we don't want to sell to our local people, cars we cannot guarantee, are the cars we sell to the used car lots.

In most cases, our cars were originally purchased locally and driven in the suburban area, driving which we all know is much easier on a car than pounding along on Chicago's rougher streets.

The cars we offer are good and we know it. Consequently, we offer a warranty with each and every used car you buy.

It's just good business sense to buy your next used car from a reputable new car dealer, one who can offer you not only the same savings but also a car which you'll be proud to drive. Come in today! See your local new car dealer for your next used car.

Here is a popular family choice. So easy to handle, a youngster runs it with ease, yet it has all the strength and durability that all-steel construction can provide. Dual clutch, either automatic or finger-tip control — big air cushion tires — positive, fully-enclosed chain drive — here's the mower that makes mowing a breeze.

21-in. LAWN QUEEN
Here is the power mower that's taken the push out of grass cutting for thousands and thousands of home owners everywhere. Automatic recoil starter — blade-tip protective shields — extra large, semi-pneumatic tires — superb construction throughout — no wonder it's the favorite from coast to coast.

High school instructors plan work, travel, school for summer

Vacation time is here, and for some instructors at Arlington Heights high school it will mean a real vacation, while others will combine work, travel and school in their summer schedule.

After returning from his trip west, Roderick McLennan will attend summer school at Northwestern university. Dolores Ruth Hudson will begin work on her master's degree in education at Northwestern.

Others planning to attend summer school are Kay Weisenburger at Colorado State college of Education, Nelson L. Lowry and Curtis R. Larsen at the University of Illinois, Nicholas Kushta at the University of Chicago, Robert Kemman at the University of Utah, and Hazel Beverly at the University of Illinois. Donald C. Carmichael will combine work on his Ph.D. with a trip to New Orleans.

ATTENDING workshops will be Martin Dahlberg and June Leick, who plan to attend the Fred Waring School of Music. Miss Leick is also planning a trip west. Fredrick Schroyer will visit his mother, take a northern trip and attend summer music school from June 23 to August 16.

Sarah Jane Mahin and John Schaff will attend the National Educational Association convention at Detroit. Mr. Schaff will work at school when not attending conferences. Hazel Faulkner will attend a business conference at Indiana university. Harold Slichenmyer and his wife will vacation in New Mexico and

Arizona before he attends the Illinois State Student Council workshop August 18-19. Bruno Waara will attend two workshops and conferences, one on economic education July 11 in Lake Forest and the other at Urbana August 11. Dorothea Wolf will vacation in the east and south for two weeks before attending a Yearbook Advisers' workshop at Alberton Park.

New York and Bermuda will be the scene of the vacations of Edith Lindsey and Donna Marie Volz from June 13 to June 27. Miss Lindsey will be in Bay View, Mich. until late August when she will attend the National club convention at the Drake hotel in Chicago August 15-17. Miss Volz plans to take short trips to the Ozarks, Iowa and Michigan. Ann Cox will spend three weeks in Honolulu, Hawaii, while California will be vacation spots for Dorothy Libner and Alfred Snap. Mildred Bopp will be in northwestern Wisconsin June 22 to July 5 and will spend the rest of the summer at her home in Dundee.

TWO TEACHERS will be married this summer. Pat Schipper will marry Edward Hicks in June. Sylvia Moller will also be married.

Herman Grace will work as a counselor in a private boys' camp in Wisconsin. Marguerite White plans to start the first of two correspondence courses to renew her certificate. Dorothy Wilson's plans are indefinite, but she will visit her home in Ohio. Leta McMillin will visit her sister and brother-in-law in Duquesne and spend short visits with the rest of her family. Mary Handlin will travel in Michigan and do practical homemaking at Burr Oak Ridge farm in Elkhart.

Ill. Following a trip to Wisconsin, Florence Eifeld will spend the summer here.

Russell Coombs will visit his wife's relatives in North Dakota. Among those working in Arlington Heights will be Russell Attis, who is athletic director at recreation park; William Beckman, who will work at Arlington Park Jockey club and vacation in Denver in August; Conrad Reuben, who will be a radio operator for the local police department; Ray DeGreeff; John Griffith, who will do machine shop work; John Hookum; Ray C. Hughes; Maurice M. Klotz, who will work here and vacation in the east or Mexico; Alvin Kuli-eke, who will work at the high school and vacation in August; John Ligon, who will work for Arlington Dairy; Elliott Ormsbee, who will work for Duntman's Dairy; Edward Paulus, who will work at the school and vacation in Wisconsin; and George Torhan, who will do construction work.

Those staying at home include Alma Leonhard in Jacksonville, Ill., Doris Black in South Dakota, Katharine Renich in Woodstock, and Ethel Riordan in Oak Park. Ted Seiler and Clayton Mott, who have resigned their positions at the high school, will be working for Ocean Accident and Guarantee in Chicago and the Provident Mutual Life Insurance Co., respectively.

Vacation Bible school closes Friday night
Closing exercises of the vacation Bible school will be held at Faith Lutheran church, Arlington Heights, Friday at 7:30 p. m. Children of the four departments will participate in the worship-program of recitations, hymns and lesson demonstration. The enrollment of the school exceeded 180 and the work was supervised by a staff of 25 teachers and leaders. Certificates of recognition will be awarded for attendance and performance of projects and lessons. Pastor Behrens will give a brief address. After the program in church the children of the beginner, primary, and junior departments will entertain their parents and friends in the parish hall with action songs and the rhythm band will play several numbers. Articles made by the children in handicraft will be on display and can be viewed after the exercises. The seniors will serve as ushers and will be in charge of the exit.

NEW NEIGHBORS IN THE CITY OF GOOD NEIGHBORS

Mr. and Mrs. Robert H. Skamfer
437 S. Banbury rd.

It seemed to Mr. and Mrs. Robert Skamfer that Arlington Hts. had a lot to offer, so they moved here from Indianapolis, Ind., February 20. Their home at 437 S. Banbury rd. is Georgian colonial.

Mr. Skamfer is assistant to the vice-president in charge of industrial relations at the Richardson Co. in Melrose Park. He attended Eau Claire Teachers' college and the University of Wisconsin.

Mrs. Skamfer is interested in music and Red Cross and hospital volunteer work.

Two little ladies, Diane, who is 4, and Libby Ann, 1, complete the family.

Mr. and Mrs. Rudy Kranz
405 W. Mueller st.

Mr. and Mrs. Rudy Kranz were renting a home in Des Plaines, but they wanted to build their own home in Arlington, for Mr. Kranz' mother lives here. The whole family likes Arlington and their new ranch home.

Their son, Ronald, 9 years old, is in the third grade at St. Peter's school. Another son, Rudy, was just 6 years old.

A bus driver for the United Motor Coach Co. in Des Plaines, Mr. Kranz likes to bowl and garden in his spare time. Mrs. Kranz lists bowling, her home and children as her special interests.

Mr. and Mrs. Wm. J. Harrington
1005 N. Race ave.

When Mr. Harrington was transferred to Evanston, the whole family decided they would like to live closer to his office. They liked Arlington Heights and moved here March 9 from the south side of Chicago.

They have two sons, Robert, 13, who finished grade school in Chicago and will enter Arlington high in the fall, and William, 10, who will be in the fifth grade at the North school.

Mr. Harrington is manager of the aluminum department of Korhummel Steel and Aluminum Co. in Evanston.

Mrs. Harrington likes to garden, and her home and family keep her busy.

Mr. and Mrs. John J. Skahill
722 E. Mayfair rd.

When Mr. Skahill was transferred from New York to Chicago, the family, who had lived

on Long Island in New York, wanted to live in the suburbs and Arlington came closest to what they were looking for. They moved here February 15.

The Skahills have four children: Judith, 11, John Jr., 9, Joan, 6, and James, 2. The three older children attend St. James Catholic school.

Both Mr. and Mrs. Skahill like to bowl. Mr. Skahill likes golf, and Mrs. Skahill likes to sew and garden.

HOME OWNERS QUESTION BOX

Q—Can anything be done to keep a wood porch floor from rotting?

A—Outdoor wood floors usually rot because moisture gets into the wood. When building a new floor, paint the boards all over before they are laid. Don't wait until the floor is finished and then paint only the top.

Q—When putting a new roof on a house, must the old material be taken off or can the new shingles be put right on top of the old ones?

A—If asphalt shingles are to be used for the new roof, as is usually the case, the old roofing normally can be left in place. The roof deck and old material must provide a sound nailing base, and the deck must be strong enough to support both the new and the old layers of material. If these two conditions are met, application of asphalt shingles over old roofing is desirable. It is an economical method, eliminating the expense of removing the worn-out roofing. Another advantage is that the over-all thickness of the roof covering is increased.

Q—What can be done to preserve cane chair seats? Should they be painted?

A—A good treatment for cane or rush is to brush it with linseed oil. Some of the oil will be absorbed and the rest should be wiped off. This treatment will keep the material from soiling readily.

Q—What is the best way to fix a tear in a canvas awning?

Kenyon college seeks students for air force ROTC program in fall

LeRoy J. Knoepfel, superintendent of Arlington Heights township high school, has received word from Tracy Scudder, director of admissions at Kenyon college, Gambier, Ohio, that Kenyon college will offer Air ROTC courses beginning in September, 1952.

On successful completion of the four-year course, graduates will be commissioned as reserve officers in the air force. There are about twenty vacancies at present in the class entering Kenyon college next fall. If any boys who have graduated from

Draft appeal

The national selective service appeal board is located at national headquarters and consists of three civilian members appointed by the President. The President has authorized the national board to finally determine, upon appeal or upon its own motion, all claims or questions with respect to the inclusion of registrants for, or their exemption or deferment from, training and service.

Fireworks ban will prevent blindness

A grim reminder of the injuries and deaths due to fireworks explosions last year has been sent to local villages by the Illinois Society for the Prevention of Blindness.

Accidents in the state totaled 266. There were nine deaths, 201 burns, and 56 eye injuries. Eighteen children suffered serious impairment of vision, and eight lost one eye or were blinded.

The sale and use of fireworks, with the exception of a few items such as sparklers which are considered relatively harmless, is forbidden by state law. Properly supervised public displays are permitted.

Bears sign fullback

The Chicago Bears have a new fullback.

Club president George Halas announced the signing of Bill Miller, a young giant from Wake Forest college.

Miller, a native of Suffield, Conn., is 6 feet and weighs 215 pounds. He has been an all-Southern choice the past two seasons.

Beattie Feathers, former Bear

ace, was high in his recommendation of Miller. "He is one of the best young fullbacks I have seen. Miller has power up the middle and runs fast to the outside. He is quick and hard to knock off his feet. Once in the open, he has the speed of a halfback."

Injuries kept Miller out of action in a number of games last fall, but he still managed to average better than 4 yards per carry.

Kenneth Verden weds Miss Vita DeStefano

Our Lady of Grace church, Chicago, was the scene of the marriage of Miss Vita DeStefano, daughter of Mr. and Mrs. James DeStefano of 2513 N. Ridgeway, Chicago, and Kenneth Verden, son of Mr. and Mrs. A. Verden of 606 S. State rd., Arlington Heights.

Rev. Foley officiated at the double ring ceremony held May 4 at 3 p.m. Mrs. Edward Engel, friend of the bride, sang "Ave Maria" and "On This Day."

The bride, dressed in ivory chantilly lace, wore a blusher veil held in place by a crown of seed pearls and orange blossoms. She carried a cascade bouquet of ivory carnations with white orchids in the center.

Miss Jean DeStefano, sister of the bride, was maid of honor. Miss Patricia Racana, Miss Caroline Hoekstra and Miss Patricia Delaney were bridesmaids. The attendants wore ballerina length gowns of aqua taffeta with ivory

American Candid Photo accessories, and they carried bouquet of daisies. Their headpieces were crowns of daisies.

Miss Carol Verden, 4-year-old sister of the groom, was flower girl. She wore a white organza pinafore and carried a basket of daisies.

Joseph LiPuma was best man. James Verden, brother of the groom, Jay DeStefano and Sam Baribou were the ushers. A dinner and reception was held following the ceremony at the Patricia club in Lincoln Village for more than 300 guests. The groom, a Korean veteran, served in the first cavalry and after a brief honeymoon returned for re-assignment at Fort Leonard Wood, Mo. Prior to being drafted he worked with name bands.

The bride is now residing in their studio apartment at 2513 N. Ridgeway, Chicago, until the groom is discharged this fall.

Robert Teutsch weds college sweetheart

When Miss Ruth M. Lux, daughter of Mr. and Mrs. George Tinehart of Ashton, Ill., and Robert P. Teutsch, son of Mr. and Mrs. C. M. Teutsch of Arlington Heights, were wed June 7 in the Presbyterian church at Ashton, Rev. Hugo Montanus officiated at the late afternoon double-ring ceremony.

Preceding the ceremony, Mrs. Hugo Montanus, organist played "Leibstrum" and "Romance." Miss Mary Burmeister of Danville sang "Through the Years" and "Ich Liebe Dich."

While the young couple knelt at the altar decorated with baskets of gladioli, palms, candelabra, and centered with a gold cross, Tom Montanus sang "The Lord's Prayer."

Given in marriage by her father, the bride carried a white prayer book and wore an ivory silk taffeta gown fashioned with a fitted bodice decorated with pearls and seed-beads. The folds of the full skirt fell into a sweeping train. The long sleeves were pointed over the wrists. Her matching finger-tip veil was held in place by a fitted crown headpiece with tucked pleats. The bride's dainty gold slippers were worn by her aunt at her wedding.

Miss Cleo Hale of Chillicothe and Miss Mickey Jewett of Dixon, former classmates of the bride at Illinois Wesleyan university, were maid of honor and bridesmaid, respectively. They were dressed in silk taffeta gowns of turquoise blue fashioned with fitted bodices and full ballerina length skirts accented with tucked pleats at the hip-line. The necklines of the dresses were dramatized with eyelet lace petals. They wore white head-bands trimmed with tiny forget-me-nots and short blusher veils. They carried bouquets of white carnations.

Karen Ventler of Ashton, cousin of the bride, was junior bridesmaid. Her lilac taffeta gown was identical to that of the other attendants. She carried a bouquet of white carnations.

Ronald Anders of Ashton, brother-in-law of the bride, was best man. The ushers were Walter Page of Arlington Heights, a student at the University of Texas, and Frank Bressler of South Bend, Ind., a student at Florida Southern college.

The bride's mother wore a champagne colored silk shantung dress and accessories with a corsage of pink carnations. The groom's mother selected a gray lace dress and accessories. Her corsage was also of pink carnations.

Immediately following the ceremony a reception was held in the church parlors. When she left on her honeymoon, the new Mrs. Teutsch was wearing a brown silk shantung dress with toast and white accessories.

The bride was graduated from Ashton high school and attended Illinois Wesleyan university at Bloomington and Florida Southern college at Lakeland, Fla.

The groom, a graduate of Arlington Heights high school and a member of Lambda Chi Alpha, national social fraternity for college men, attended Illinois Wesleyan university, Beloit college at Beloit, Wis., and Florida Southern college.

Following their honeymoon, Mr. and Mrs. Teutsch will resume their studies at Florida Southern college.

Miss Ruth Going, an instructor for three years at St. Peter Evangelical Lutheran school, Arlington Heights, and daughter of Rev. and Mrs. Walter C. Going of Odessa, Minn., became the bride of Floyd Gutzman, son of August Gutzman, also of Odessa, June 8.

The ceremony was held at Trinity Lutheran church in Odessa at 7:30 p. m. The bride's brother, Rev. Roland Going of Burlington, Iowa, gave the address. Ferns, roses and peonies decorated the church.

The bride wore a white marquisette gown fashioned with a wide lace yoke and train. She carried a bouquet of red roses and gardenias.

Miss Doris Going, sister of the bride, was maid of honor. Mrs. Roland W. Rust of St. Paul, Minn., sister of the bride, and Mrs. Eldar P. Going of Bethel, Minn., sister-in-law of the bride, were the bridesmaids.

Linda Going of Burlington, Iowa, was the flower girl. Ramona Reu and Lairy Rust were the ring bearers.

Following the ceremony, a reception for 80 guests was held in the parsonage, the home of the bride's parents.

Following a honeymoon at the Black Hills, Yellowstone Park, Washington and California, the couple will make their home at 105 Cook st., St. Paul, Minn.

Today's recipe makes something that children like to stuff their pockets with; that mothers like to serve with afternoon coffee; that dads like to munch as a bed-time snack.

Of course it's cookies, and this is a recipe for oatmeal cookies, chuck full of raisins and flavored with cinnamon.

The contributor of this recipe, Mrs. William Beckman of 127 S. State rd., Arlington Heights, must keep her cookie jar full for her two children, Jeffrey, 6, and Janet, 5.

Not only do Jeffrey and Janet like these cookies for themselves, but they also carry out handfuls for their playmates.

A busy homemaker who enjoys cooking and baking, Mrs. Beckman is also active in the Junior Woman's club and teaches the kindergarten class at the First Presbyterian church Sunday school.

She suggests cutting up the raisins when making these cookies, as they will be more thoroughly distributed throughout the batter.

This recipe will make a large batch of delicious, crunchy oatmeal delights, and they will stay crisp for a long time.

Oatmeal Cookies

1½ cups margarine
2 cups sugar
3 eggs, beaten
2 cups quick oatmeal
1 cup raisins, chopped
3¼ cups flour
1 teaspoon cinnamon
1 teaspoon salt
2 teaspoons soda

Cream margarine and sugar and add beaten eggs. Beat in the oatmeal and then the raisins. Sift the dry ingredients together and add them lastly to the batter.

The recipe will make a stiff dough. To make the cookies, take pieces of dough the size of walnuts, roll in your hands, and flatten on cookie sheet. Sprinkle with granulated sugar.

Bake in a 375 degree oven about 12 minutes, or until brown. Makes approximately 100 cookies.

Legion women to elect officers at district meet

The regular ninth district meeting of the American Legion Auxiliary will be held June 19 at 8 p. m. at the Wilson Park field house, 4630 Milwaukee ave.

Bessie O'Toole, district junior activities chairman, has arranged for Dorothy Auw, district junior chairman, to preside at the opening of this meeting in keeping with the junior activity program since June is their month.

ELECTION of officers will be held at this meeting and polls will be open from 7 p. m. to 9 p. m. Mary Schwartz, past district director, is judge of election. Grace Stencil, and Myrtle Rhinehart are the clerks of election. Carrie Mazurk, chairman, will award the prizes for the Pan American study books.

Hazel Rodman and Myrtle Schroeder, chairmen, will award the prizes for the publicity books. Berenice Korcz, past presidents' parley chairman, will hold a "craft sale" at this meeting.

Marguerite Sandstrom, courtesy chairman, has an interesting program planned in honor of the past district directors. Mrs. Charles Kaley is the ninth district director. (AMP)

Doris Plagge wed in Iowa

Mr. and Mrs. Herbert John Plagge of Ames, Ia., former residents of Barrington, announce the marriage of their daughter, Doris Marie, to John Hudson Burton Jr. The wedding took place at Ames June 5.

The young couple are making their home at 1100 Riverside rd., Tuscaloosa, Ala., where the bride is on the faculty of the University of Alabama and the groom is on the staff of the Tuscaloosa News.

The bride's mother lived in Palatine until her marriage. Mr. Plagge is on the faculty of Iowa State college.

Baptized Sunday

Carolyn Edna Nedli, daughter of Mr. and Mrs. Martin Nedli of 818 N. Highland ave., Arlington Heights, was baptized Sunday at 3 p. m. at St. Peter Lutheran church. Rev. Luther V. Stephan officiated.

Her sponsors were Mrs. Edna Young of Palatine and Clyde Minar of Arlington Heights.

Following the ceremony a buffet dinner was served to the sponsors and members of the immediate family.

Mary Lee Bredfeldt, Philip Wahler are wed

In a candlelight ceremony June 7, Miss Mary Lee Bredfeldt, daughter of Mr. and Mrs. Charles Bredfeldt of Golf rd., Des Plaines, became the bride of Philip Wayne Wahler of Chicago.

Mr. Wahler is the son of Mr. and Mrs. L. O. Wahler of La Valle, Wis.

Rev. Edwin Ira Stevens officiated at the ceremony which took place at 8 p. m. at the South church, Mt. Prospect.

Miss Corinne Clark sang "With This Ring I Thee Wed" and "The Lord's Prayer," accompanied by Rose Marie Schuetz at the organ.

The bride wore a white organza gown fashioned with a Dutch collar, short sleeves and a long train. The gown was trimmed with medallions embroidered on the shoulders and hipline trailing down toward the train. Her fingertip length illusion veil was held in place by a lace cap trimmed with pearls, and she carried a bouquet of pink sweetheart roses with white stephanotis.

Mrs. E. C. Mart of Chagrin Falls, Ohio, sister of the bride, was matron of honor. She wore a white ballerina length gown of embroidered organza fashioned with a low neckline and short sleeves. She carried a colonial bouquet of sweetheart roses.

Ray Wahler of Kansas City, Mo., brother of the groom, was best man. Paul Wahler of Racine, Wis., brother of the groom, and Richard W. Hantke of Lake Forest, brother-in-law of the groom, were the ushers.

A reception for 150 guests was held at the Pantry in Park Ridge.

Following a honeymoon at High Hampton Inn, Cashiers, N. C., the couple will make their home at the Marshall Field Garden apartments in Chicago.

The bride was graduated from Purdue university, and the groom, from Lake Forest college.

Introduce new officers at Cotillion club dance

Arlington Height Cotillion club held its summer dance at the Mohawk Country club June 14.

New officers of the club were introduced by the retiring president, Mrs. John Kehe. They are: Mrs. Robert Rohner, president; Mrs. Edward Mills, vice-president; Mrs. Robert Campbell, secretary, and Mrs. Charles Close, treasurer.

Out-of-town guests included: Mrs. L. O. Wahler of La Valle, Wis., mother of the groom; Mr. and Mrs. Ray Wahler of Kansas City, Mo., and Mr. and Mrs. Paul Wahler of Racine, Wis., both brothers and sisters-in-law of the groom; Mr. and Mrs. Richard Hantke of Lake Forest, brother-in-law and sister of the groom, and Mr. and Mrs. O. O. Swails of Seymour, Ind., aunt and uncle of the bride. The groom's father was unable to attend because of illness.

The bride was honored at four showers previous to her marriage. Two miscellaneous showers were given, the first at the home of Mrs. Frederick Minger of Park Ridge with Mrs. Sam Cooley as co-hostess, and the second at the home of Miss Pearl Miller in Arlington Heights with Miss Jane Merrill as co-hostess. Miss Corinne Clark of Chicago was hostess at a personal shower in her home, and a dinner party and shower was given by Mrs. James Henderson of River Forest.

St. James Catholic Women's guild of Arlington Heights will meet June 24 at 8:30 p. m. in the basement of the new church for a business meeting.

All members are invited, and a special invitation is extended to all new parishioners. Members are asked to bring their old nylons to the meeting. Saving old nylons is another fund raising project of the guild.

Marvin Anderson takes Verna Koehler as bride

Baskets of peonies and gladioli formed the setting for the wedding of Miss Verna Koehler, daughter of Mr. Adele Koehler of 2780 Wolf rd., Melrose Park, and Marvin Anderson, son of Ivar Anderson of Higgins rd., Elk Grove.

Proceeds will be for the benefit of the parish. Both bakery goods and delicatessen items will be sold.

All ladies of the guild are asked to donate food for the sale, or if this is impossible, a monetary offering will be appreciated.

The school sports season is over so there is very little to write about from that angle. Our sports writer, Bob Paddock, still has some pictures of spring sports teams, from the immediate area, to use in dressing up the sports pages but from now on the news will be about the goings on at Arlington Park, the local softball leagues, Little League baseball, American Legion Junior baseball, the Arlington Redwings, American Olympics prospects, and of course news about that headliner of summer sports, golf. There will be little mention of high school sports until August when everyone starts wondering who is going to take the football title. We are ready to say right now that if Palatine is ever going to be on top in football it will be 1952. That is certainly putting Dick Welty and the new line coach, Bill Lutz from Northbrook, on the spot but when you combine the squads of two schools to form a football team the result ought to have a bit of an edge on the rest of the conference.

Grayslake gets coaching staff set for Northwest debut in September

Grayslake, newcomer to the Northwest conference next fall replacing Barrington, has made some shifts in their coaching staff in preparation for a strong bid for some championships. Jack Stickle will drop out of basketball and baseball coaching to concentrate on football and direction of the athletic program while Walter Hesch will take over varsity basketball and Paul Subject will move up to varsity baseball. Chuck Ridey will continue as track coach. Jack Koehler of Lake Villa grade school will be added to the staff to handle frosh-soph basketball and baseball. Grayslake has never won a championship and are replacing Barrington who has just taken four straight championships in football and basketball.

Palatine names expanded sports staff for '52

Palatine will have eight different men helping in some capacity with sports activities next school year, but all are teachers first and coaches second. Only two of the number are physical education specialists. The rest have majors in academic subjects with a full teaching load but will assist with sports activities.

J. E. Stutzman will continue as athletic director but not as coach. Dick Welty will teach physical education and coach varsity football and track; Bill Lutz of Northbrook, a masters degree man in P.E., will teach general business and coach the varsity line-in football and frosh-soph baseball; Claude Bailey will continue in charge of varsity basketball and direct sophomore football along with his social science and driver training teaching; Arthur Zimmer will coach cross country, sophomore basketball, and golf along with teaching general science and frosh social science.

Ellis has been hired to teach five classes of general science and coach the soph football line, varsity wrestling, and frosh-soph basketball; Charles Feutz will teach three classes of frosh English and driver training and will coach freshman football, basketball, and track; William Dowell is a math major and will handle four classes of plane geometry and one of advanced algebra, along with assisting in football and track. Dowell was an outstanding hurdler and pole vaulter and end in football at Carthage college two years ago.

All the new men have had two or more years of teaching experience. With the Palatine enrollment boosted from 435 to 700, the number of students in sports will probably be increased 50%. Two new women have been hired for Palatine girls physical education activities, Mary Ley Schlitz, a graduate of MacMurray college and the past three years teacher at Fulton, Ill., will head the program assisted by Millicent Brown of Chicago, a 1952 graduate of the University of Illinois.

Chicago fans have something to cheer for this season

We have always been a real White Sox fan but we are certainly glad to see our friends so happy who are supporters of the Cubs. It is a situation that the younger fans have never before experienced of having both Chicago major league teams in the first division. Both are in position to move on top with a hot winning streak but there is hoping that both can stay as high as next October. If Cavarretta can keep the Cubs in third place he will rate "Manager of the Year" honors.

Team play the difference between modern era and the days of Ty Cobb

We are interested in Rogers Hornsby's comments about Ty Cobb. The great Cobb has been little present day baseball players stating that only two or three

are equal to the scientific players of his era (meaning the great Ty Cobb). Hornsby counters by leaving Cobb off his all-American League team and his all-major league all time team. Hornsby states that Joe DiMaggio and Ted Williams are better than Cobb and states that the reason he leaves Cobb out is his lack of team play.

In other words, Cobb's efforts were to make a name for Cobb and not to help Detroit win pennants. Many people have felt this about Cobb but none have mentioned it so bluntly as Hornsby.

Hornsby's bluntness finds itself drawing three years pay from the St. Louis Browns without having to manage the team. We think his point of team play is the greatest difference between teams in general today as compared with the 1900-1910 decade.

Most of the big league players have come up in the present era through school athletics where team play is stressed. No one today could get away with the tactics used by Ty Cobb. We have a much higher code of sportsmanship and player ethics now and you can give the schools and colleges credit for that also.

To select three Little League Wheeling teams

Little League activities in Wheeling are beginning to pick up momentum now that school is over.

The committee, consisting of fathers and coaches, announced that Friday, June 20, three complete teams will be selected. All boys are urged to attend this Friday practice, beginning at 6:30 p.m. at the Wheeling school diamond.

The committee has begun major repairs on the school diamond. The repairs include a new backstop, new outfield fence and scraping of infield to remove stones and other obstructions.

THE THREE TEAMS to be chosen Friday evening will play round robin games, plus games with Little League teams of surrounding communities.

Single games will be played Sunday afternoons at 2:30. Double headers will commence at 1:30. Notification will be given later on the date for the first game.

The Amvets, Chamber of Commerce and Lions club are sponsoring the Little League in Wheeling. The boys have been practicing hard and would appreciate seeing a good representation from the sponsoring clubs when their first game is played.

Paddock bowling tourney teams finish season in first in 17 of 24 loops

That 17 of 24 teams competing in Paddock Publications Inter-League bowling handicap in January finished the season in first place was borne out by a survey taken this week.

First place bowling teams as of December 15, 1951, in 24 local men's leagues were eligible for the tournament in January. Seventeen of the squads stayed at the top or, at least, finished in number one positions.

Closest margins were in Bensenville Tioga Post loop, where a tie necessitated a playoff, and Palatine Parkway, where Pearson's took the title in the final game.

THREE TEAMS finished in second place at the end of the bowling year, and two in third. Erickson Shamrocks of St. James Monday league in Arlington Heights took the biggest nose-dive from the bottom of the six team loop.

Another squad, Coleman Pharmacy of Palatine Major league, was in top position for the Paddock tourney, but dropped to ninth place (of ten) the second half of competition. The team lost the playoff to Palatine National Bank, winner the second half.

BIGGEST MARGIN for any of the entries in the Paddock tourney was run up by Annen & Busse keglars in Mount Prospect Major league. They won by 23 games over Today's Lounge.

Hassman's, winner of the January meet, finished the season in

Busses maintain lead in golf of Mt. Prospect loop

The battle for first place in the Tuesday division of the Mount Prospect twilight golf league still continues at a merry pace. For three weeks now, only one and one-half points have separated the two top teams of Commissioner William Busse and the K. R. Whitton Realtors.

As result of last Tuesday's play, the Busse team retains its one and one-half point lead over the K. R. Whitton Realtors. The Mount Prospect Electric team was red hot, scored eight and one-half points to take third place away from Winkelman's Shell Service, whose members just didn't have any fun at all.

Don't know whether it was the strong wind or the stiff competition, but the best all of our big brave golfers could do was two birdies. These were by Bob Whiteley on the 13th and Ed Planert on the 10th.

Team standings:
Comm. Wm. Busse 45½
K. R. Whitton Realtors 44
Mt. Prospect Electric 39
Winkelman's Service 35½
Golden's Food Shop 29½
Moller's Barber Shop 24

BUSSE MOTORS still heads the pack in the Wednesday division with Van Driel's drug store moving back into second place and making a bid for leadership with only 2½ points separating them from first place. Willie Lumber moved out of fifth into the No. 3 spot, passing both Illinois Range and Mt. Prospect Bowling Lanes.

Birdies for the evening were scored by Hal Kutcher No. 1, Dick Kimbrough No. 5 and Bob Virgil No. 13.

Busse Motors 34
Van Driel's Drug Store 31½

Initiate fund drive for Olympic team

The Olympic squad which will compete with teams of 70 other nations will soon be on its way to the games at Helsinki. Many teams are financed through government funds but this country's team is financed solely by patriotic citizens.

K. L. "Tug" Wilson, vice-president of this country's Olympic committee, is heading a drive for funds to send the team to Finland. Souvenir decals are being sent to all donors of \$1 or more, with a postcard with a special Finnish stamp slated to be mailed to donors while the games are in progress. Donors can send their money to the committee at 10 N. LaSalle st., Chicago.

To host 300 trap shooters Sunday at Northbrook sports club

Plans are being made by the Northbrook sports club to entertain around 300 trap shooting enthusiasts from various gun clubs throughout Illinois and Wisconsin at a "pre-state" shoot, starting at 10 a. m., Sunday, June 22.

An interesting program including attractive trophies has been arranged for this warm-up shoot preceding the annual Illinois state shoot to be held June 25 through 29 at the Stifel Brothers gun club at Casey, Ill. Practice traps will be open at 9 a. m., D.S.T.

The local club, located at the corner of Pfingsten and County Line rds., has five of the finest electrically operated traps in the country and is one of the few clubs in this area enjoying night shooting. Traps are open each Wednesday evening. The general public is invited on these nights.

Palatine Motors nine wins three; crucial Sunday

Palatine Motors softball team made it eight in a row last week when they severely trounced three foes. Barber Greene manufacturing company of Aurora succumbed, 20-1 Monday night. Evanston fell, 12-0 Saturday evening, and Tri-R Signs of Des Plaines lost Sunday, 6-0.

At Aurora Palatine scored seven times in the second inning to make things easy for Don Garlich, number two twirler who pitched for the locals. Garlich gave up three hits and one walk in the seven inning game.

AGAINST EVANSTON it was Ned Wickersham leading the way with seven runs batted in by virtue of a homer and triple with the bases loaded. Dick Heiden went the distance on the mound for Palatine.

Tri-R Signs journeyed to Palatine, only to turn back after sustaining a 6-0 loss. Once again Don Garlich came up with a good game, giving the Des Plaines team just two safeties. He also drove in two runs with two sharp singles.

THIS SUNDAY Palatine hopes to open the league season in a first place battle against Libertyville. Both nines are undefeated though the northerners have played three more games than the Motor boys.

Game time at Community park in Palatine Sunday is 8:45 p.m.

GRACE AND KARRIGAN TO PLAY IN PREP ALL-STAR TILT

Arlington's tennis team won four of five non-conference matches this past season, but failed to cop a single varsity encounter within the West Suburban league. Closest margin was a 3-2 loss dropped to Glenbard.

Thirteen boys made up the double squad, Arlington's second year of the sport. Front row, left to right, Ray Birkholz, Ray Holmes, Charles Krapp, Jay Vawter, Tom Bowersox and Rod Peltier. Back row, the frosh-sops, Coach Ray DeGreeff, Tom Livingston, Ron Hutchinson, Doug Morrissey, Roger Malcolm, Marshall Sherrill, Don Bedingfield and Eddie Schroeder.

Wickersham again leading fastball loop with .571 mark

Palatine Ned Wickersham has taken over the batting leadership in the Northern Illinois Fastball league as a result of his robust slugging demonstration in Palatine's 12-0 blanking of Evanston last week. The big first baseman, 1951 league home run king, slammed out a single, triple and home run to drive in seven runs to boost his average to .571.

The league's two undefeated teams, Palatine and Libertyville, are slated to cross paths next Sunday evening at Palatine and two of the top hurlers in the loop will face each other as the Comets' Warren Royes will match his 5-0 record against Palatine's Dick Heiden. The latter sports a 2-0 mark. The latter has given up only one run and four hits in his two outings and last week set down Evanston with one safety.

BOYES INCREASED his league strikeout record to 72 last week by fanning 14 Waukegan hitters as he scored a two-hit, 7-0 victory. The season's league strikeout record of 255 is held by Jack Tracey and if Boyes continues his present pace he is almost certain to crack the mark.

Boyes also gained the distinction last week of hitting the longest single ever hit in the league. He slammed out one of Waukegan's Bob Boettcher's slants for a homer over the fence but passed up a runner who had missed second and was declared out.

The Comets during the week also defeated Evanston, 4-2, in another encounter. Highland Park gained its season's first victory, a 7-4 decision in extra innings over Waukegan.

OTHER LEAGUE games during the week, besides the feature Palatine-Libertyville meeting on Sunday, finds Waukegan contesting Palatine on Friday, Libertyville traveling to Oak Park on the same evening, Highland Park visiting Evanston on Saturday and Waukegan trekking to Evanston on Monday.

Palatine Motors nine wins three; crucial Sunday

The first home game for the Palatine American Legion Junior baseball team will be played on the school grounds (Ost field) Sunday afternoon with Barrington the opposition. Palatine won their first game in the Ninth District league last Sunday on a 9-0 forfeit from Bel-mont Park. Palatine is playing in a 10 team league with a schedule of 18 games carded up to August 10. Palatine has two non-league games scheduled with Richmond, the first of which is away from home on Monday, June 23. Richmond will return the game July 2.

Coach Claude Bailey of the Palatine high school is directing the Palatine Legion team. Bailey is employed at the high school this summer directing and working with three high school sophomores on a building cleaning crew. Evenings he keeps the Junior Legion team in trim with twilight practices.

Touting the Bangtails

by T. C. HART

What promises to be one of the greatest racing seasons in the 26 year history of the track got underway at Arlington Park Monday afternoon when over 12,000 racing fans turned out despite the intense heat and poured nearly \$900,000 through the mutual machines.

Both attendance and mutual play was the greatest of any opening day since 1946, peak year for racing in the Chicago area.

At the gala opening Monday, the fans of the Chicago racing scene had a chance to see the famous Eddie Arcaro in action. Arcaro started off his first full season of Chicago racing since the "days of way back when" with a bang, bringing home three winners, all stoutly backed favorites, and two of them from Calumet stables, which annually make a big raid on the stakes program of Arlington and Washington parks.

FAVORITES or near favorites fared well on the opening day card, but the long shot players also had a chance to do some cheering when Sky Ranger, paying \$94.40 for \$2.00 got the nod in a photo finish in the last race of the day.

The program opening day was studded with exciting finishes, several of which had to have the help of the camera to decide the winner.

The huge racing plant looked more beautiful than ever all dolled up as it was in its new coat of paint, with nature helping out by making the lawns and infield a verdant carpet of green while the lovely paddock where the horses are saddled up and the big trees were like a beautiful green, carpeted reception hall beneath the canopy of shade trees which completely shaded the entire area.

IN THE INFELD that large flock of white ducks were going through all sorts of maneuvers in the high wind and on the choppy waves churned by the breeze. Those ducks, by the way, furnish a lot of entertainment between races to the big crowds which make Arlington park their vacation playground and some of their antics cause almost as much interest as the action of the horses on the track.

THIS SATURDAY the feature event of the week end will be the Warren Wright Memorial stakes, a race named in honor of the late owner of the famed Calumet farm stable in the racing scene at Arlington park. The race is for three year olds at seven furlongs and is for a purse of \$20,000.

Also on Saturday the Pollyanna stakes for two year old fillies will be contested at five and one half furlongs for a purse of \$15,000.

Next week Wednesday, the Artful Handicap will be the feature of the day, a race for fillies and mares three years old and up at six furlongs for an added purse of \$15,000, and on Saturday of next week the historic Equipoise mile will be contested.

The Equipoise is at one mile for three year olds and upwards and for a purse of \$30,000 added.

Redwings win tight affair

Three unearned runs contributed all of the scoring in Sunday's 2-1 victory for Arlington's Redwings against the Puerto Rican Stars in Recreation park.

Heights tallied first in the second inning. O'Shaunessy was walked, and scored on Stang's single. In the fourth Stang started things off by getting on base on an error, moving to second when Nelson walked, moving to third on an error, and scoring on Hornbrot's single.

FOR THE VISITORS Carragullo walked and scored on a hit by Jommy. Lang struck out seven and walked two for the locals while Carragullo fanned three and passed five.

Only Redwing to garner two hits was Hornbrot, who singled twice. This Sunday the Redwings meet Alderman Keane Boosters, a squad with a 4-1 slate to date, same as the Heights nine.

Journal of a Bird Watcher

by F. J. FREEMAN

In our camping around in Colorado we were surprised at the reaction of people to our life. We were under the impression that "everyone" did it out west, but some were as unaccustomed to it as Chicago apartment house dwellers.

At the Black Canyon of the Gunnison as dusk fell a car drove up with a couple and a small child. They were from Texas and in their peculiar drawl asked us if we liked to camp out. We allowed as how we did. They said that they had travelled a-
round a lot in Colorado and had never camped out and this was the night they were going to do it. They spread papers on the ground and bedded down with some old quilts and blankets. We heard the child complaining within the car as the stars wheeled overhead and the temperature dropped to 48 degrees. About three o'clock in the morning they had enough camping out and drove off.

AT A PLACE near Central
City we stayed overnight at a very pretty camp ground. We were nervously trying to get a close-up photograph of a bouquet of wild flowers Cornelia had gathered into a vase on the camp table. We were waiting for that opportune moment when the wind would stop blowing and the flowers would stay put in the vase so that we could snap the shutter when a car drove up and a couple got out. They engaged us, Cornelia anyway, in chit-chat about "Did we like to camp out?"

"Oh, look they have all the things to cook with!" Does it get cold at night? "Have you camped out much?" and so on. I got the picture all right but am vague as to what happened to our questioners.

Another car drove up and stopped in the middle of the camp ground. The picnicers, instead of getting out and spreading out their supper on one of the tables sat glumly in their car chewing on sandwiches and looking out. They then turned around and drove away. The west is a place to stretch the legs and the imagination. To fully enjoy it, one must be prepared to cope with nature on its own terms. Perhaps this lack of preparation makes one timid about even stepping out of one's car.

COLORADO TO US is synony-
mous with the high country. Al-
though we saw many birds and things of interest in the plains of eastern Colorado, we were particularly intrigued with the flora above timberline and cer-
tain birds that can only be found there. To find these special birds we searched the high meadows on Mt. Evans, Loveland Pass and the Trail Ridge road in Rocky Mountain National Park. Above timberline we looked for Ptarmigan, Brown-capped Rosy Finches and Pileats. These latter were not too hard to find, and after much searching we saw a flock of three sparrow-like finches feeding on the edge of a snow patch. Of the Ptarmigan we found only a few white plumes. We were delighted to discover many white-crowned sparrows which nested in the boggy alpine meadows with their stunted wil-
lows, dwarf flowers and many running streamlets. We were surprised, too, to see the Robin at home here just as much as on our green lawn in Itasca.

AT SUMMIT LAKE on Mt. Evans a splendid specimen of a Mt. Sheep ram casually strolled close enough for frantic photog-
raphers to get the shot of a life-time. It came so close that one old lady shooed at it with her skirts. Others of the group said that a ewe with young was just around the slope. These we did not get to see, but we did get a

Fish That Are Fish!

THE muskies and lake trout come big up around Hudson, in northern Ontario on the trans-con-
tinental line of the Canadian Na-
tional Railway, an area long popu-
lar with American fishermen who
want action and lots of it. In ad-
dition to muskies and lake trout, black
bass, pike and pickerel are plentiful
in the Big Vermilion, Little Ver-
million and the many other lakes
reached through Hudson.

glimpse far off of an elk.
Another bird we were particu-
larly interested in seeing was the
Water Ouzel or Dipper; the bird
that walks under the water. After
a good deal of searching we
found one with a nest of young.
The ouzel is a grey bird a good
deal like our catbird but with
longer legs and shorter tail. The
bird has a comical habit of perch-
ing on a log and flexing its
knees like a person about to dive
into the water. They usually
build their nests behind the
spray of a waterfall, but the nest
we found was situated on a ledge
of rock above a rushing moun-
tain stream. The nest contained
four young who crowded the
doorway of the structure. The
parents were busy bringing them
inch long fish and insects. Some-
times they would have as many
as six insects or two small fish
stacked crossways in their bills.
These they gathered by walking
around under the swift-flowing
water of the stream. It is a mys-
tery to me how they can man-
age to catch a fish and then
while still holding it in their
bill snare a second one.

THERE IS something about the
high places that cannot be du-
plicated anywhere else. The air
is crystal-clear and brilliant so
that even far objects, although
diminished by distance, do not
lose their form or color. The
ozone is intoxicating; but while
there is plenty of wind, there is
very little air. This makes for
a certain dizziness so that stops
for breath-catching are necessary.

One morning at our camp
ground high in the lodgepole
pines of Rocky Mountain National
Park an exuberant voice at the
water faucet exclaimed:
"No water bills! No taxes! No
carfare! Oh, boy!" And then af-
ter a moment of thought-catch-
ing silence in a more subdued voice:
"No pay check either!"

The west is a wonderful coun-
try. The next time we go there,
I think we shall not return.

Fidelity Life Assn., once
known as Mystic Workers,
to drop ritualistic work

Police holders of the Fidelity
Life Association, formerly known
as Mystic Workers, will vote in
September on the transition from
a fraternal society to a Mutual
Legal Reserve Life Insurance
Co.

The notice reads in part, "Un-
der the proposed plan, all lodges
and ritualistic activities would be
eliminated. For some time it has
been evident that such activities
have lost all appeal to the ma-
jority of our policy holders."

"Dear Ruth," slightly modern-
ized to include the Korean war,
will be the initial presentation
of the new Quartette Theatre
group, offering a series of ten
summer productions in the tent
theatre next to the House Pierre,
on the southeast corner of Lin-
coln and Touhy in Lincolnwood.
It will begin Sunday, June 22,
and run for eight days.

Sammy Snead to golf July 5 at Mohawk club

Plans for a spectacular two-
day celebration at Mohawk golf
club featuring Sammy Snead,
one of the world's greatest golf-
ers, in an exhibition match July
5, and a patriotic rally by the
Boy Scouts of America, Chicago
Council, July 4, was announced
by Harvey Branigan, chairman
of the event.

Snead will play the 18-hole
course with three topflight local
pros: John Revolta, Evanston
golf club; Al Ruska, Glen Oak
country club; and Scott McCall,
Mohawk pro.

The Logan Square boy scout
troop No. 112 of American Le-
gion Post 408 headed by scout-
master Robert Prosser of 2820
N. Lawndale ave., Chicago, will
re-nact the signing of the Decla-
ration of Independence, Bran-
igan said.

The boy scouts will also put
on Indian dances in costume
during the evening powwows af-
ter flag-lowering ceremonies
July 4. Branigan said, and then
camp out all night at Mohawk.

Saturday they will serve as
orderlies for the golf meet.
Mohawk golf club, public fee
course, is located on Irving Park
rd. between Elmhurst and Rte.
83 near Bensenville.

State amateur golf tourney at Quincy

The 22nd annual Illinois state
amateur golf championship, spon-
sored by the Chicago district golf
association, will be held at the
Quincy country club, June 24
through 28. Harold E. Foreman,
Jr. of Chicago, only three-time
winner in the history of the
tournament, will defend the title
he won last year at Danville.

Competition will open with a
36 hole qualifying round, 18 holes
Tuesday, June 24 and 18 holes
Wednesday, June 25, to deter-
mine the 31 low scorers who will
join Foreman in the champion-
ship flight. Two 18 hole matches
will be played Thursday, June
26, and Friday, June 27, followed
by the 36 hole finals Saturday,
June 28.

Sixty-two amateurs have en-
tered to date. Entries and club
affiliations:
Harry Wohl, Twin Orchard
C.C., Prairie View.
Burt Abrahams, Brookwood, C.
C., Addison.
Arthur Sommerfeld, Twin Or-
chard C.C., Prairie View.
Ray Raycroft, Highland Park
G.C., Bloomington.
Miles Schlapik, Green Acres C.
C., Northbrook.

Two more Bears

Two more newcomers were
added to the 1952 battlefront of
the Chicago Bears, with the
signing of Henry Tiedemann and
Fidel Gander, both backfield can-
didates.

Tiedemann, a product of Elmhurst, performed at the Univer-
sity of Washington. He plays
both fullback and halfback, is 23
years old, stands 6 feet, 1 inch,
and weighs 190 pounds. Tiede-
mann, in addition to being a fine
ball carrier and pass receiver, is
rated a topnotch defensive player.

Gander is a Notre Dame gradu-
ate. He held down a fullback
berth for the Irish in 1949-50
and '51. As a sophomore, he was
hauled in one of the best full-
back prospects ever to appear
under the Gold Dome. A Chi-
cagoan, and a product of Mt. Car-
mel high school, Gander is 21
years old, stands 6 feet, 1 inch
and weighs 205 pounds.

Gordie jumps seventh

Gordon Busse of Arlington
Heights, competing Saturday in
the NCAA meet in California,
ranked seventh in the broad
jump with a leap of 23'11". The
Olympic trials were held in
conjunction with the meet.

The brilliant sophomore closed
his fine year by finishing second
in the broad jump at the Central
Collegiate conference open meet
at Milwaukee, June 9. Busse has
been a consistent 23'6" broad
jumper and .09.9 100-yard dash
man all season.

Busse, who is a star halfback
for the Bradley football team
during the fall, has two more
years of track ahead of him at
Bradley.

would like to thank the fol-
lowing businessmen of Mt. Pros-
pect for making a successful
season possible:

Annex & Busse, Bowling
Lanes, Busse's Grocery, Ibbot-
son Heating Co., Illinois Range,
Mt. Prospect Jewelers, Keefer's
Pharmacy, John's Barber Shop,
Meek's Quality Foods, Moler's
Barber Shop, Mt. Prospect Pas-
ter Shop, Rainbow Cleaners,
Van Driel Pharmacy, Willie
Lumber, Winkelman's Garage.

The money obtained is being
used for equipment, uniforms
and insurance for the boys.

So far this season the Mer-
chants have a record of five
wins and no losses. Monday,
June 23, they face their most
severe test when they meet
graduates of the Oak Park
baseball school at Ridgeland and
Berkshire in Oak Park. Game
time 6:30.

Although the Merchants are
not officially in the national
little league, a schedule of games
with little league teams from
neighboring communities will be
arranged to be played in Mt.
Prospect at School and Busse
sts.

More seats between the goal posts at Illinois

Memorial stadium at Univer-
sity of Illinois seats more fans
between the goal posts for foot-
ball games than any stadium in
the Western Conference, accord-
ing to a survey just completed
by George Legg, U. of I. ticket
manager.

The big Illinois structure has
43,010 locations inside the goal
lines, 60 per cent of its sellout
capacity of 71,119. This exceeds
by more than 13,000 the num-
ber who can be seated in com-
parable locations in other Big
Ten stadia.

Percentage-wise, the state
university of Iowa stadium seat
more between the goal line, with
29,490 such locations out of a
capacity of 45,154.

For fans who will attend Big
Ten football games this fall,
here are some facts about
chances to sit between the goal
lines:

Stadium	Goal lines	% of capacity	Capacity

Yemen customs

Yemen is a country in which noon comes at six o'clock — six hours after sunrise; where thieves are tied to posts and their loot in turn is tied to them; where high-grade Mocha coffee is grown, and where hot and cold running water come from roof tanks laboriously filled by chanting porters carrying four-gallon tins from nearby cisterns, and springs.

How To Relax

In this day of speed, ulcers caused by the pace of the chase after the fleeting dollar and early demise from overwork and hypertension, relaxing is an art known to all too few businessmen. Consider a Chicago business executive of my acquaintance.

He has driven himself all his life and risen through the ranks to a top position in his company. Now, after thirty-five years of hard work, he has a nice home, good car, belongs to one of the best country clubs in the Chicago area and has a small nest egg in the bank. He could slow down now and begin to enjoy the fruits of the long years of pressure and worry — you'd think. Uh, uh! His business won't let him. He's caught in the toils of the Yankee dollar.

To a certain extent he's aware of this and recognizes the need for relaxation. So, he plays golf at his club. I've played with him a few times and this is how he does it. Into his car at 7:30 a. m. 70 miles per hour out to the club, a distance of fifteen miles. Gotta get there early so you don't have to wait to tee off. Quick change in the locker room and we dash out to the first tee. Socks, we drive off. No practice drives, no getting the feel of the clubs first. And we hack furiously around the course, setting a new world record for the five mile obstacle course, cussing and fuming all the way. The round finished, quick shower, home at 7:00 p.m. again. A very relaxing morning.

His home is surrounded with a considerable expanse of lawn. He likes to work in the yard, it relaxes him, he says. He used to cut the grass with a standard lawnmower, but at the end of such a session he would be breathing hard, red in the face from exertion and dripping with sweat. So, he got a power mower. It would make grass cutting much easier, and more fun. So, now? His power mower also cuts grass faster and he dashes around the yard like a man possessed and cuts an acre of grass in one third of the time it used to take him. The result? He's breathing hard, red in the face from exertion and dripping with sweat. Yes, sir, he's so relaxed, he's likely to be permanently relaxed with a worm's-eye view of six feet of dirt, — if he doesn't slow down.

Myself, I have no trouble relaxing. And I can heartily recommend my simple system to you. When you feel the urge for physical exercise, just lie down quietly until the feeling goes away. That's what I do.

CHRISTIAN SCIENCE CHURCHES

That all cause, law and order are vested in God and reflected by His spiritual creation in health, harmony and unity, will be explained in the Lesson-Sermon entitled **IS THE UNIVERSE INCLUDING MAN, EVOLVED BY ATOMIC FORCE?** which will be read in all Churches of Christ, Scientist, on Sunday, June 22.

The Golden Text is from Amos (4: 13) "Lo, he that formeth the mountains, and createth the wind, and declareth unto man what is his thought, and he createth upon the high places of the earth, The Lord, The God of hosts, is his name."

Lesson-Sermon passages from the Bible (King James Version) include the following:
"O Lord God of hosts, who is a strong Lord like unto thee? or to thy faithfulness round about thee? . . . Blessed is the people that know the joyful sound: they shall walk, O Lord, in the light of thy countenance" (Ps. 89: 8, 15).

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include:

"The creative Principle—Life, Truth, and Love—is God. . . . All things are created spiritually. Mind, not matter, is the creator. Love, the divine Principle, is the Father and Mother of the universe, including man" (pp. 502, 255).

Plywood
The discovery of modern synthetic resin glues, even before the war, had done much to revolutionize the manufacture of furniture plywood. Not only do they reduce the difficulties of manufacture, but they produce a plywood that is equally strong in both directions of the grain. In addition, the tremendous use of plywood in war production has vastly improved both method and product.

In the Shadow of The Steeple

by William O. McGill

One of the interesting church buildings in this part of Cook County is the new Community church of Prospect Heights. Probably many people have been as curious as I during the building process; so it was with some eagerness that I recently attended the dedication program of their church building.

The architecture of religious institutions has been undergoing development in recent years. There has been an effort to make use of material and line in such fashion as to produce functional use with emotional tone. The Prospect Heights church has been designed to lift the eyes of the whole community to the House of God. Situated on one of the heights, it is sufficiently high, and planned to go higher with the addition of a tower, so that all men will know that it reaches heavenward and lifts the hearts and aspirations of men.

THE SAME effect is produced within. I found it interesting to learn that the combination of forced air at a normal ceiling height and radiation heating through the floor is intended to control the warm air and keep it from rising into the heights of the ceiling.

The people of the Prospect Hts. church are to be congratulated on the diligence of their effort and its intent, and for bringing a note of freshness and originality to building God's house in these times of architectural advance. More fundamental, perhaps, is the relation of the church to the community and to a denomination. Increasingly, communities are being prevented from an over-abundance of churches. Most of the denominations belong to the Church Federation of Greater Chicago which allocates fields in areas where housing facilities are expanding. These newer churches undertake to serve the whole community. They tend to tone down narrow denominational stress as they receive persons from a variety of denominational backgrounds.

But a denominational relation has this advantage; it supplies power and direction. Resources are available for a work that a small group of people wanting a church simply could not undertake. A mission board supplies a minister, perhaps it helps with rent, frequently it offers the down payment on a building. There is power for a beginning.

A DENOMINATIONAL relation also insures direction for the efforts of a church to preach the Gospel to every person. A church needs to feel that its field is the world. If it does not, it may be a nice place to go to, people may gain some help in meeting personal problems, but it is not a church of Jesus Christ.

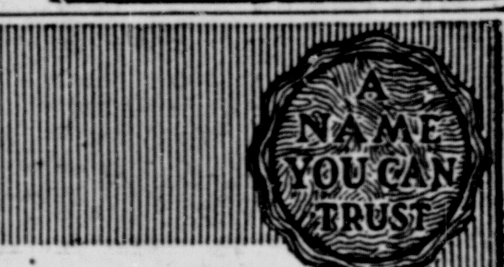

The church is a world mission, and a local church is one of the outposts of the grand strategy. A church without a denominational relation can share in the world mission, but it is more difficult for the officers of that church to hold the vision before its members. A denominational church is able to offer its membership a magazine, or several, which describe the whole work and effort of their churches. Mission boards present material help on what is being done and what needs to be done in home missions and foreign missions.

A denominational church has the advantage of power for its beginning and of direction for its continuing effort. And every religious institution as well as every

SHOPPING with SHARON

June is the month of weddings as can be seen on the society pages of your newspapers, and wedding cakes are an integral part of every wedding. For a wedding cake that tastes just as good as it looks, you'll want to get your at Arlington Cake Box, where they specialize in party cakes. When you're in there shopping, take special notice of the beautiful wedding cakes.

For dessert on warm summer days, you can't beat the pound cakes at the Cake Box... especially good a la mode. Have you seen the hot rod cake... just the thing for that young man's birthday.

More efficient service... a gleaming new meat case and new three decker cheese case... a new Epicurean section filled with imported delicacies to delight every gourmet... completely remodeled WHERE? Why this is Stefanik's Dairy and Food Store which has just been completely remodeled to give all the extra benefits to their customers. The new store will provide much faster service and will provide many new items for your family's meals. The store has even been enlarged.

Sometimes it's hard to visualize just how furniture displayed in a store will look when actually in a home. Mr. E. H. Lindgren of Arlington Furniture Mart has foreseen this problem and the Furniture Mart has completely furnished the model home at 1203 E. Euclid ave. This model home is located in a subdivision in Arlington which will be the site of 80 to 90 new homes. Open every afternoon and evening, the home is furnished with more than \$3,000 worth of furniture and all the furniture there is for sale at from 8 to 15 per cent off. Stop at this model home where you will get ideas for your own decorating scheme. In the event the house is not open, the keys can be obtained at Arlington Furniture Mart. You'll love the living room. As the furniture displayed in the home is sold, the rooms will be refurnished.

The Bounty Fair on Northwest hwy. in Palatine has many novel things to brighten your home this summer. Among the latest additions is the "Floradorables," the face of a beautiful lady with

fornia pottery. In a variety of sizes and colors, these make a lovely gift for yourself or a friend. This department is conducted by its author on a commercial basis for which regular advertising rates are paid.

American Legion notes

American Legion, Merle Guild Post 208, of Arlington Heights will hold election of officers at the next Post meeting June 24. Open house will also be held at

this time. Members are requested to turn in sold car books as soon as possible. The Post is conducting a survey of workers for the carnival.

A painting party will be held at the Legion home June 22 starting at 9:30 a. m. weather permitting, and all available members are asked to assist in painting the outside of the building. Lunch and refreshments will be served.

Use a NIGHT COOLING FAN

in your own home for 5 days...FREE!

SPECIAL FREE TRIAL OFFER!

Now you can use a night cooling window fan in your own home for five days...FREE! Simply phone or visit our nearest store... the fan will be delivered to your home without cost or obligation. Just plug it in and relax in cool comfort.

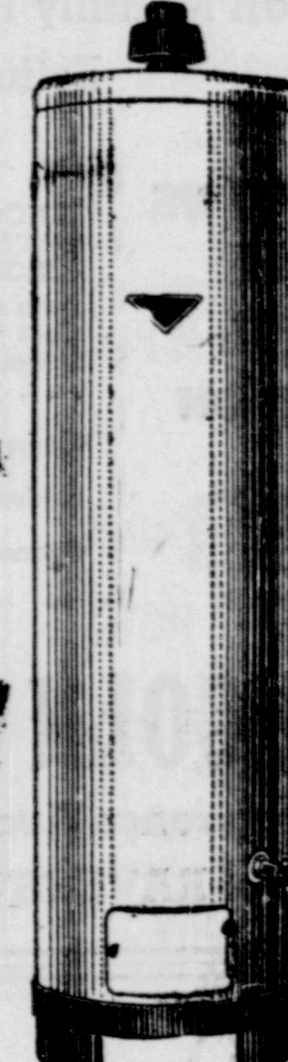

Get a night cooling fan and summer heat will be carried right out your window! The overheated air stored up during the day-time hours is pushed out by the exhaust fan and cool outdoor air is drawn in. The cool night air circulates gently through the rooms of your home, absorbs heat from walls and ceilings and evaporates skin moisture. The room temperature drops and you feel cooler immediately.

Don't swelter this summer... get a night cooling window fan now!

GAS is GREAT

for water heating!

AUTOMATIC!

QUICK RECOVERY!

ECONOMICAL!

AUTOMATIC...

Once a GAS water heater is installed, you can forget it. No more tiresome trips to the basement... no more "seasonal" hot water... just turn the tap anytime and have all the hot water you want—automatically!

QUICK RECOVERY...

No more long waits between batches of laundry while water heats. An automatic GAS water heater has "quick recovery"... more water is heated quickly and automatically to replace what you've drawn off. This is one of the features you'll like best about GAS water heating.

ECONOMICAL...

You'll enjoy the "luxury" of abundant hot water for a few pennies a day—when you have an automatic GAS water heater. Easy and economical to install... you'll find GAS is GREAT for water heating!

HINTS TO HUSBANDS
Do not jest with your wife upon a subject in which there is danger of wounding her feelings. Remember that she treasures every word you utter, though you may never think of it again. Do not reproach your wife with a personal defect; for, if she has sensibility you inflict a wound difficult to heal.

Do not treat your wife with inattention in company—it touches her pride, and she will never respect you more or love you better for it. Do not upbraid your wife in the presence of a third person. The sense of your disregard for her feelings will prevent her from acknowledging her fault. Do not often invite your friends to jaunts, and leave your wife at home. She might suspect that you esteemed others more companionable than herself.

Remember that your wife has as much need of recreation as yourself, and devote a portion at least of your leisure hours to such society and amusements as she may join. By so doing, you will secure her smiles and increase her affection.

AVOID LITTLE OFFENSES
Man and wife are equally concerned to avoid all offenses of each other in the first beginning of their conversation. Every little thing can blast an infant blossom, and the breath of the south can shake the little rings of the vine when first they begin to curl; but when by age and consolidation they stiffen into the hardness of esteem, and have, by the warm embraces of the sun and the kisses of Heaven, brought forth their clusters, they can endure the cold winds of north, and the loud noises of the tempest, and yet never be broken.

THE TEST OF LOVE
It is a beautiful thing, even in sorrow, to see a couple whom want cannot disturb nor misfortune which makes even generosity selfish, divorce! All that adversity can strip from the poetry and graces of life cannot shake one leaf from the romance of their green and unwithered affections.

They are the very type of love in its holiest and most enduring shape; their hearts have grown together; their being flows through caves and deserts, and reflects the storms of an angry sky, but its waters indissolubly mingle into one!

Young, gifted, noble and devoted, they may be the victims of adversity; their garden may be turned into a wilderness; but, like our first parents, hand in hand they take their solitary way.

Evils may beset them, but they swerve not; rains and winds fall upon their unsheltered heads, but they do not bow. Thus, in sorrow, love is tested, and that love which changes not beneath clouds of sorrow and burdens of woe is that which will outlive the grave and eternally exist in the paradise above.

Marriage may be said to be strung with a thousand delicate strings. It is your business, therefore, to keep them completely in tune. For, if the least be broken, the whole harmony is destroyed.

Early school days in Palatine township

In the files of 1922 of Paddock Publications the Way Back When editor has discovered an account of the early schools in Palatine township. The account published in the issue of June 9, 1922, is accurate because it was written by Stuart R. Paddock Sr., after an interview with A. R. Baldwin, father of Mrs. Henry Reise, 50 N. Hale st., Palatine, who came to Palatine as a boy of 6 in 1851, three years before there was any village of Palatine.

The footnotes are being added so that the present generation can know the location of the buildings mentioned therein. The thirty year old school story follows:

The first school in the township was of logs and built in Deer Grove. As the central part of the township became settled, after arrival of railroads in 1854, the residents wanted a school of their own and Joel Wood built near the present Matthei store, the first school house in what is now the village of Palatine. It was conducted as a private school and among the pupils was Mr. A. Baldwin, who today resides on his farm.

As Palatine began to grow a public school was necessary and a building was erected upon the present Wood street school property, which at that time consisted of only one story in height and becoming too small, was sold to Mr. Timothy Dean, who moved it to the present Diekmann corner and it is now a part of that building.

A 4-room frame building was erected on the present school grounds, but several yards to the north of the present fine building. Judge Cutting was the first principal of this building and it was while here that he studied law and fitted himself to become a lawyer. The school grounds were beautifully laid out with trees, which grew to be very large. These had to be cut down however to make room for the new building. There is a story told that in the primary

ment spic and span before leaving for the hospital. I packed my suitcase, put Megan's dresses into her suitcase (to take with her to "Gamma" and "Gampa's") and at 1:45 called Dr. Solomon. He arrived at the hospital shortly after Bob and I and came directly to our room.

After the nurse had finished that "tidying-up" process, the first examination was made and Doctor said that I had started dilating and decided to puncture the membrane to speed things up a bit. Before he had done this I felt practically no discomfort and wondered if perhaps it was "false labor." However, as soon as the membrane was broken the contractions came faster and were steadily stronger.

I attempted to breathe deeply and relax during the contractions and was successful and surprised at how much it really helped until shortly before I went into the delivery room. For about a 40 minute period, just prior to the delivery, the contractions were quite close and quick intervals. I found it difficult to relax or to breathe deeply, even though Dr. Solomon stayed with me directing my

actions, and finally I was given a little Demerol to help me relax between contractions. It seemed to help a little, however it was only a short time later that we went to the delivery room and all relaxing was over.

Bob and I had come for me to "help" Bridget. There were about five contractions during which "I helped" with all my might, and Bridget was born. A nurse stood by with gas in the event that I felt I wanted it. I'm not saying that if I had not been concentrating on what Dr. Solomon was telling me to do I might have as I was quite uncomfortable. However, the feeling that I was really helping the baby to be born, plus the fact that I wanted to be perfectly conscious when she was born, stopped me from even contemplating taking anything that might prevent this.

I knew as soon as I heard Bridget's first cry and held her immediately after she was born that to experience these things was the greatest comfort of being fully conscious and feeling our baby's "natural birth."

My love, Patty.

TALES OF THE STREET

—T. C. HART

JUNE
And what is so rare as a day in June?
Then heaven tries earth if it be in tune
And over it softly her warm ear lays
Whether we look or whether we listen.
We hear life murmur or see it glisten.
Every clod feels a stir of might,
An instinct within it that reaches and
Towers
And groping blindly above it for light
Climbs to a soul in grass and flowers
The finish of life may well be seen
Thrilling back o'er hills and valleys
The cowslip starts like a meadow green.
The buttercup catches the sun in its
choice
And there is never a leaf nor a blade
To be some happy creature's palace
The little bird sits at his door in the
sun
A tilt like a blossom among the leaves
And lets his illumined being o'errun
With the deluge of summer: it receives
His mate, feels the eggs beneath her
wings
And the heart in her dumb breast
flutters and sings
He sings to the wide world and she to
her nest
In the nice ear of nature which song
Is the best?"

Those words of the poet might well have been written about the first couple of weeks of June, 1952. Seldom has a June more nearly portrayed the words of the poet than did the first two weeks of this June.

Ideal days and nights as far as weather was concerned, all vegetation bursting with life and vitality and everything growing in the best possible manner. Bird life never more plentiful or more articulate than now, with the bird songs greeting the rising sun and continuing long after sunset.

Young birds taking their first venture away from the home nest and following the parent birds around the lawn and garden in search of food, some of the adults already nesting for the second time. Yes, June has offered about everything the poet called for, truly "What is so rare as a day in June?"

LONGEST DAYS
The longest days of the year are right upon us and with the longest day comes the official beginning of summer. One fellow remarked the other day, "Do you realize that we'll soon have our longest day?" And we replied, "Yes, the longest day and then before we know it the wind will be blowing across the stubble and fall will soon be here."

To which he replied in a disgusted tone of voice, "Why bring that up, fall will be here soon enough without your beginning to talk about it now." How right he is.

ON THE WAY
The Chicago and North Western Railroad has approved the park and parking plans presented by the Lions club and the village. The next step is to get that lease from the railroad and then start action.

Although not too much space is going to be given to the planting of trees, shrubs and grass, there will be enough to take some of the curse of those parking lots and the whole affair should really be a thing of beauty when completed. It is something that time has been looking forward to for a long time and at last it appears to be on the way—a dream come true.

CANNIBALS
We never knew that birds were cannibals and would eat their own kind, but the other day we saw a strange sight. Some bluejays and a couple of squirrels got into a battle when the squirrels assaulted a young bluejay just learning to fly.

The older bluejays came to the rescue and drove off the squirrels, but the young bluejay had been fatally wounded. The old birds tried to rescue the youngster, but

is one of the oldest in this part of the state and with the support of the taxpayers will maintain the quality of service it is able to give to children of this day and age.

1. Joel Wood donated right of way for the railroad.
2. Northwest corner of Broadway and Chicago ave., where it became a dance hall.
3. Southwest corner of Wilson and Bothwell streets. Building was then known as a school held on the first floor.
The editor was a pupil of W. L. Smyser as was also Dr. A. R. Baldwin. Mr. Smyser left Palatine in 1922 to become first principal of Maine township high school.

The picture of the six room school building has previously appeared in this department.

when he died a few moments later, we were completely surprised to see the older jays pitch into him and eat up the carcass.

That was a new one to us. We never knew that birds were cannibals and would eat their own kind, but there it was right before our eyes.

CATCHING UP
This has been a wonderful growing season and folks who are not gardeners or who are forced to make late plantings are finding that their garden crops are making up time fast.

We have seen some little squirts of tomato plants set out that were so small you could hardly see them, but they have started to grow with a vengeance and if they keep up the present clip for another six weeks, they will be up with neighboring plants that were set out three or four weeks ahead of them.

And speaking of tomatoes, the big plantings for commercial purposes never looked as good this early as they do now. They were set early and the growing season has been good, the plants a fine size for so early and the big fields are a great sight.

If the world would be a lot of early tomatoes this year and it's the early ones that command a good price on the market. From present indications, the canning plants will be busy early this year.

We were telling a city dweller how good the tomato fields were looking and his reaction was, "Good, then I won't set out any this year, they ought to be cheap this fall at canning time and that's a lot easier than growing them." Sure, but look at all the fun he's missing in not growing his own.

PEONY RAINS
Do we ever get a season when the peonies are in full glory without some of those beating torrential rains that flatten the plants and drive the big beautiful blooms into the dirt? It doesn't seem so and every season when the peonies are in their glory, you can hear folks remark, "Well, it's about time for one of those peony rains."

And sure enough, they usually come like the big ones we had last week. No matter how dry it's been earlier in the season, you can pretty well bet for the drought to be broken when the peonies get into full bloom and one or more of those noted "peony rains" come along.

POTATO PATCH
One of the finest small garden potato patches it has ever been our good fortune to see is that of the Bror Olsons at Benton and Slade sts. We have been watching that potato patch for weeks now and we admire it every time we pass it which is several times a day.

There never was greater teamwork and coordination among a bunch of potatoes than there has been among the "spuds" in that patch. When they first started to break the ground, they all came in together and as they grew, they all stayed together, every bush was just the same size as its neighbor, there wasn't any scattering of smaller or larger plants, they were all just alike and that's the way they have stayed.

How on earth anyone ever got a patch of potatoes to grow so uniformly is a mystery. It looks as if each piece planted must have been the same size and with the same number of eyes. And the ground must have been equally good all over the patch or some plants would have grown better than others.

In fact, everything all around must have been equal for that's surely the way that patch grew. Even after a big storm last week had flattened the plants and we thought "Too bad, there goes that beautiful potato patch," the next morning as the plants began to straighten up they all straightened in the same way and to the same height.

Yes, that potato patch of the Olsons has been a beautiful sight the way those plants have all grown together, bushy, healthy plants that give a promise of a bumper crop and as Mrs. Olson said the other day as she looked over her prize potato patch, "they ought to keep some if we have another potato shortage."

Yes, they sure should. That patch of potatoes for a small garden is a thing to be proud of.

ONE TIME VOTER
A man running for the Republican nomination for President of the United States that has in his whole lifetime voted just once for a candidate for President of the United States and who waited until he was 58 years old before he even did that.

A fine example of American citizen, a man who waits until he's 58 before acting like one. That's the record as an American citizen that they are giving General Eisenhower, the synthetic Republican new deal, trojan horse candidate that certain powerful interests are trying to pawn off on the Republican party.

It really looks as if this coming convention next month is a real showdown, between the American millions of Republicans who want the election next November to be a real battle between the American way of life and American traditions against all the "isms" and "ologies" of the "new deal," "fair deal," "give away America" confederacy.

Those millions of Republicans who have the right to the title of Republican because of a life long devotion to and belief in the ideals of that party, want Senator Taft as their candidate.

The "ism" boys, the fair dealers and the "one worders" want Eisenhower. If the gang which led Willie over on the Republican ticket and the put weak sister Dewey up on the Republican stalking horse twice can have

THE FENCE POST

Straw hats

And now it comes to pass that a certain w. k. article of masculine headgear except "straw hat" has become passe, according to the Bensenville Register top columnist.

Just one of those things which this modern age of haste discards because of inconveniences incident thereto. Not that the climate has changed any much, but maybe there's too much trouble donning and doffing, especially when one meets a lady friend on the street. It's less effort to have no headgear at all to doff. Politeness these days is at a premium anyway.

And again, in riding a convertible against a strong wind one can blow one's top unaided. Time was when a straw hat was not to one's person by a short string—but in these days said attachment might cause a hanging at 60 or 70 m. p. h. Which came first, the straw hat or the string? But both are now on the way out apparently.

Carl H. Hunt,

Feehanville school

Monday night I attended a meeting at which two sides of a detachment petition were heard by the trustees of three townships. Isn't that a most significant sign of the working democracy of our great free country, "our country" which was made great by generations of people working together for the improvement of their land.

Yet Monday night, I heard a gentleman ask why a person having no children should be interested in the educational program of a district. Isn't it all the more admirable? Isn't it that person, who has not the personal interest yet spends her time and energies trying to improve the educational facilities for her neighbors' children—who is one of the great people who make freedom and democracy live and flourish?

I wonder if the gentleman who sought to criticize would be big enough to do the same if he had no children of school age. I am not sure that I would but I am proud to call such a person, friend.

THE MAILMAN'S CORNER

We oldsters often give the young folks a going over because of some newspaper article we have read about a 14 year old girl running away with a married man; kids smoking reefer and other things that kids their own age, or high school girls here and there who have gotten pregnant.

For the benefit of those of us who get into the way of thinking that the youth of today are lost, I am going to set down here a few things that young people are doing today; and for every young boy or girl who makes the headlines as a juvenile delinquent, who is a waste of thousands of who are worthy of our greatest praise, but who seldom get into the limelight. And I am only going to scratch the surface of their accomplishments.

There are the quiz kids, who can give the answers to problems and questions which you and I, even today, know nothing about; Barbara Ann Scott of Canada, and Richard Button of New Jersey who won winter Olympic championships this year; a girl of 15, the youngest in history who skied for America in the Olympics; a 15 year old chemist, developer of a means of reducing

their way again and foist Eisenhower onto the party. The Republican party as a party is through in the estimation of hosts of loyal grass root Republicans.

There is a huge number of loyal Republicans who will not support Eisenhower, they have been banded by fake candidates for 12 long years and they want no more of it. Glorious boys and one time vote Republicans don't go this time, they want a real fighting Republican who has shown that he is a Republican and has stands by the record just where he stands and what he stands for such a Republican is Senator Taft of Ohio.

If the G.O.P. convention next month can be stamped or wheeled into nominating Eisenhower, the Republican party as a national factor won't have to be buried, they will have buried themselves and millions of formerly loyal Republicans will be taking a long walk down the open road.

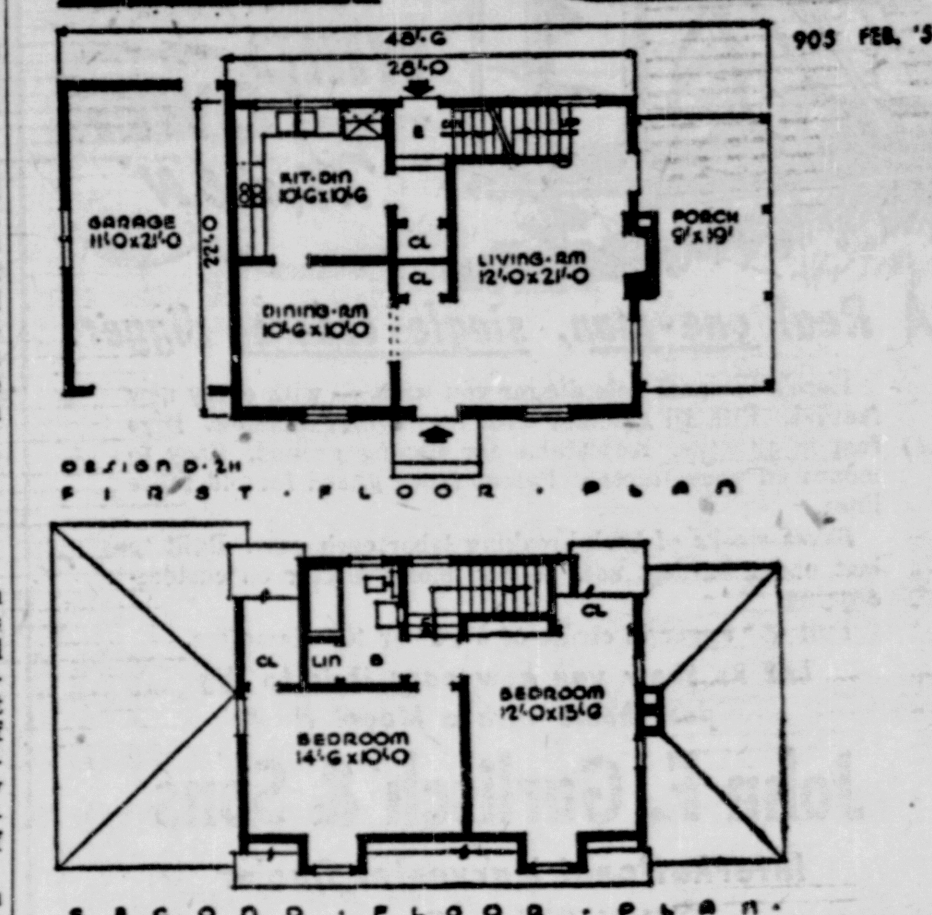

BASEBALL

What the season holds for prairie baseball is still a big question, rainy weekends have caused a lot of postponements and just what popular baseball and softball is going to be is still a question.

The few games played in this area have not drawn good crowds so far but maybe with some real baseball weather, things will improve.

If the crowds don't start to come back this season, not many teams will be in operation. In other season as the past couple of years have been a severe headache to promoters of prairie and small town ball teams.

European corn borers hit hard again

This is the fourth of a series of weekly bulletins on corn borer development and timely observations on other insect pests prepared by entomologists of the Illinois natural history survey and cooperating agencies.

General observations. The borer suffered a further setback June 7 and 8, when the majority of all pupae left in stalks were killed by the intense heat generated in dry stalks exposed to the sun. Pupation is practically complete in all sections of the state. Since most of the late formed pupae were killed, moth emergence is complete south of St. Louis, and practically complete as far north as Peoria. Eggs can be found in all sections of the state, moderately abundant in the south and scarce in the extreme north.

EARLY MARKET garden corn in the East St. Louis area is now showing silk and has 40 to 60 egg masses per hundred plants and moths are still active. Immediate spraying of such corn is recommended. Some borer and earworms are already in the plants, but the most are yet to come. Treatment of early sweet corn should be started when first egg hatch occurs. Some early market sweet corn in Rock Island and Kankakee counties is in silk and has 25-40 egg masses per hundred plants, which is sufficient to justify immediate treatment.

Borer development is still ahead of corn development and with many late pupae and moths destroyed, most of the eggs will have to be laid on small corn or oats, where borer survival will be so low that treatment of field corn will not pay. In Greene, Randolph, and perhaps some adjacent counties, there are a few scattered fields of 40 to 48 inch corn that would justify treatment about June 20 or soon thereafter. Otherwise, no field corn is in need of treatment at this time, but the most advanced fields in western and southwestern Illinois counties will bear watching for a week or two.

Sugar beet growers told it's easy to use a weeder-thinner

Three simple basic steps are all that are needed to mechanically weed and thin sugar beets, the farmers and manufacturers beet sugar association advises growers.

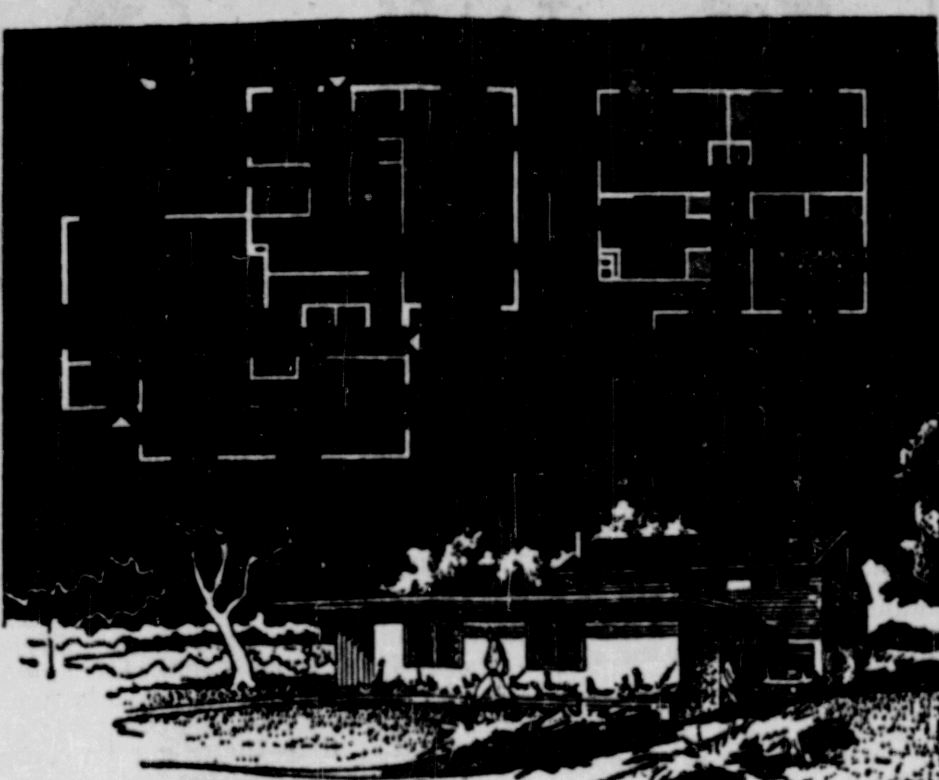

The procedure:
1. Use spring-time heads when the beets are in the 2-4 leaf stage. Do not cultivate unless the field is very weedy, in which case take off the discs and use weeding knives only. Usually twice over with the weeder-thinner is needed at the outset. Reverse your direction on the rows the second time over. Set the weeding-thinning teeth far enough into the ground to do a proper job.

2. Wait two or three days. Then if you still have weeds and excess beets, spring time the beets again. You can cultivate between the rows simultaneously. If you have no weeds but have twice or more than the required average of 120 beets per 100 feet of row, try the 50% head. Seek to work the stand down as closely as possible to the required average.

3. Wait at least another two or three days before having the last hoe-trim the field. Make every effort to do a good job of

New farmhouse plan has three levels

FLEX-PLAN 71201, VARIATION F

Have you considered the advantages of a three-level farmhouse in planning for your new farm home?

Farm Adviser Carl F. Mees points out that one of the biggest advantages of a split-level house is that it combines the compactness of a two-story house with the convenience of a home on one level.

That simply means that you have only half as many steps to climb on any one trip as you would have in either a two-story house or a one-story house with a basement.

SLEEPING ROOMS are raised for better ventilation and for additional privacy. The lower level under that part of the house not only is more convenient than a basement but can have full-sized windows for better light and ventilation. The result will be fewer moisture troubles.

You can adapt a three-level house for hillside lots as well as for level lots.

Plan 71201 here shows a U-shaped kitchen with eating space, a separate dining area and a fireplace. The entrance and vestibule face a side drive, and there is also a rear grade entrance. There is lots of storage space, and the garage is part of the house. These are all features that farm families have said they want in their homes.

THIS IS BUT one of many three-level farmhouses with two, three or four bedrooms, which you can build from Midwest Flexi-Plan 71201. Flexi-plans for one-, one-and-a-half or two-story farmhouses are also available. You can get a set of the plans for \$1.80 at your county farm or home adviser's office or direct from the College of Agriculture, Urbana.

Menard, veteran WLS announcer, had previous TV experience on WGN-TV, and until March he conducted a two-hour variety show daily over WBKB.

Since the program was inaugurated six weeks ago with George Menard as master of ceremonies, things haven't been the same on the north side of the loop.

LIVE ANIMALS are brought into the studio at State and Lake streets to add realism and to give city folks a chance to see what little pigs or baby calves are like. Traffic stopped when a McHenry county farmer proudly led his state fair champion cow across Lake st. and into the State-Lake building freight elevator for one of the recent shows.

Stenographers frantically jumped to the top of their desks when a sow and her seven pigs sauntered through the main lobby of WBKB on their way to the main studio for another show. Stagehands and cameramen cautiously watched when a hive of bees was brought into the studio so the viewers could see how honey is produced. They winced when Ellsworth Meineke, Arlington Heights, bee keeper, let a bee sting him. Viewers were surprised at how easy it is to remove a stinger—if you know how.

cultivating before the hoe-trimming.

The association cautions growers to repeatedly check the operation of the machine in initial stages by trying out a few rods and then counting the stand. Although the beets will look ragged and rough immediately after machine-working, they will straighten up in a day or two over 17,000 over April and only 17,000 short of the record high.

See big year in spraying weeds in corn with 2,4-D

A weed specialist said, if wet weather continues, this may be the year for a big jump in spraying of 2,4-D to control weeds in corn fields.

Fred Slife in the University of Illinois college of agriculture adds that this post-emergence spraying—after both corn and weeds have sprouted—has been increasing greatly in the past few years. Almost 1,000,000 acres are expected to be sprayed this year in Illinois.

The specialist says it's fairly cheap to spray with 2,4-D, and spraying may eliminate one or more cultivations. You can usually control weeds susceptible to 2,4-D, regardless of weather, if they're thoroughly covered with the chemical.

But Slife emphasizes the fact that 2,4-D spraying is recommended only when normal cultivation is impossible.

POST-EMERGENCE sprays do not control grasses, some types of weeds and weeds that germinate at a later date. Another disadvantage is that 2,4-D may injure the corn if spraying is done carelessly.

If you spray, Slife recommends 1/4 pound of the ester form of 2,4-D per acre, or 1/2 pound of the amine form. These are the heaviest doses that may be applied.

It makes little difference what stage of growth the corn is in when it is sprayed. However, corn should not be sprayed just before, during or after silking or at pollination time. The important thing is to apply no more than the recommended amount of 2,4-D.

Slife strongly recommends calibrating your sprayer to know how much solution it is delivering per acre. This adjustment should be made in the field where spraying is to be done, since rate of delivery is much different on hard pavement from that on soft ground.

Here's why farmers get 36c a lb. for beef, yet steak costs \$1

A University of Illinois livestock marketing specialist explained why farmers now are getting up to 36 cents a pound liveweight for beef animals and yet steaks are selling at over \$1 a pound.

W. J. Wills says, to begin with, the animals are not all meat. For example, a 1,000-pound choice steer produces only about 600 pounds of meat. Then additional shrink and cutting losses leave only 540 pounds of retail beef.

Of this 540 pounds, about 300 pounds, or over half, are represented by chuck roast, hamburger, stew meat and fat. All together these cuts sell on the average for about half as much per pound as steak.

Wills says when you also consider the costs of slaughter, processing, transportation, retailing and other marketing functions, you can understand the spread between farm and store counter prices.

Most of the actual mark-up per pound comes at the retail level, with the bulk of it in the form of labor and store overhead costs. Meat-packing plants usually make their operating expenses and profit out of the inedible parts of the carcass.

Summer and fall garden planting keep harvest going locally

Many gardeners miss out on a steady supply of vegetables throughout the growing season because they fail to make successive plantings.

Lee Somers, vegetable crops specialist in the Illinois College of Agriculture, says that some Illinois gardeners are now planting late summer and fall crops to make full use of their gardens.

What about those rows of radish, lettuce, spinach and peas that are getting dry and woody about now? Why not replant this space to endive, Italian broccoli or beets? Other plantings recommended from late June through the first week in July in northern Illinois are snap beans, Chinese cabbage, carrots and cabbage or late cauliflower plants.

Other later plantings include kohlrabi, late turnips, winter radishes and lettuce.

WHITE TREAT FOR NAVY

THE FRESHEST, YOUNGEST DRESS to greet the first warm days of Spring this year is likely to be navy treated with big white buttons and white collar and cuffs. Here it is presented in a new coat dress made of bengaline of Celanese acetate, the beauty fiber that adds the crispy, look and the rich-bodied texture that needs no lining to make it hang properly.

The coat dress is fashionable everywhere this season, and it is just about as practical a style as one can own. Worn over a plain or printed one-piece dress on the cooler days, it serves as a coat to be removed at will. But there are countless other occasions when it will serve as a dress, making a smart ensemble with a white hat and white gloves for Sunday morning service, and other important dates. Later in the season, the white collar and cuffs which are removable, may be left off permanently, and even the white buttons may be changed to navy, for an entirely different effect. This coat dress is designed for Junior sizes, but attention is called to the fact that "Junior" is a size and not an age. Many young women with small figures wear "Junior" clothes. (ANS)

Modern Etiquette

by ROBERTA LEE

Q. Can you give me some information on the giving of shower parties?

A. These may be formal or informal, and the invitations may be written or telephoned. The nature of the gifts, which governs the gifts, is specified on the invitation. Refreshments may be simple or elaborate, as desired. The party may be held either in the afternoon or evening. Some form of entertainment, usually games, is provided, unless the party is in the nature of a reception.

Q. When the marriage ceremony is over at the church, should the members of the families be permitted to leave the church first, before the other guests?

A. Yes, this is the proper procedure.

Q. Is it proper for a woman to help a man put on his coat?

A. Only if he is very old, or temporarily crippled. Otherwise, no.

Q. Is it proper for a girl to accept gifts from a young man to whom she is not engaged?

A. This is all right if the gifts are of an impersonal nature. Books, flowers, and countless other modest gifts are proper — but very costly or very personal gifts may be accepted only if the couple is engaged.

Q. Should hard cheese and pickles be eaten with the fingers or a fork?

A. Hard cheese is eaten with the fingers. Small whole pickles may be eaten with the fingers. Mixed pickles are usually eaten with a fork.

Q. Should the minister be given a fee for the christening of a baby?

A. It is customary, according to the means of the parents.

Kitchen comment

When you're washing walls or high ceilings, try tying a cloth around your "washing arm." It will absorb the water which otherwise would run down your arm.

Hang baby's bathtime toys and grooming aids in one of the new clothes hanger holdalls made of terry cloth. Large, roomy pockets decorated with swimming animals will hold the creeper set's brush, sponge and the face cloth. If you forget to hang over those floating bath tub toys — baby will practically be able to dump them into the soap-suds unaided.

One cup of finely chopped apple puts new flavor into a batch of griddle cakes. Top with a bountiful supply of margarine and your favorite syrup for a special breakfast treat.

The new catch-all cobbler skirts made of denim with detachable pockets will eliminate many back-and-forth trips when you're cleaning. These roomy pouches will hold all your sopping supplies — brushes, sponges, dry and damp cloths. Don't worry about soil spots; rugged denims can be tossed into the washing machine in good hot soapsuds and they will bounce back just like new.

Weekly recipe

This week let's prepare for the strawberry season. Having a recipe for quick, easy sponge cake can be a great help when company is coming or when you want to prepare a special dessert. My favorite recipe for sponge cake is one you will appreciate — especially when you top the cake with fresh strawberries and whipped cream.

Sponge Cake

- 3 eggs
- 1 1/2 tspn. water
- 1 tsp. vanilla
- 1 cup all purpose flour (sift before measuring)
- 1 tsp. double acting baking powder
- 1/4 tsp. salt
- 1 cup sugar—less 2 tspns.

Method: Combine dry ingredients in a bowl. Add eggs, water and vanilla and beat until smooth. Pour into well greased muffin tins and bake in preheated oven at 350 degrees for ten minutes.

When ready to serve top with strawberries and whipped cream.

Wounded in action

At Camp Lejeune, N. C., Marine Pfc. Thomas Byrd petted a cat, learned too late it was a skunk, next day got badly stung by a hornet, the following day was bitten by a rattlesnake, upon discharge from the hospital, stubbed his toe on the hospital steps, limped back to bed.

Invite farmers to attend meeting of land council

Cook county farmers are invited to attend the spring meeting of the Northern Illinois land council, which will be held Friday, June 20, at the Harold Merchant farm in Carroll county. J. J. Lies, rte. 1, Aurora, president of the council, has announced the program which will start at 9:30 a. m. (CST) will feature a grass silage stack demonstration.

Bryan Boatman, agronomist with the soil conservation service will be in charge of the demonstration which will include details of preparation and proper methods of building grass silage in a stack.

The Merchant farm is located 2 miles north and 2 miles west of junctions 72 and 73. 4 miles north of Lanark, Ill., or 4 miles west of Shannon, Ill.

A special caravan tour has been planned for the ladies starting at 11 a. m., which will take them over a route which includes a scenic countryside of northwestern Illinois.

Words Often Misused

Do not say, "Treat her the same as you would your sister." It is better to say, "Treat her just as you would your sister."

Do not say, "Endless instances can be found to prove this fact." Say, "Innumerable instances can be found."

Do not say, "It is plainly obvious." Omit plainly. Obvious means plainly seen or understood.

Do not say, "Whom shall I say is calling?" Say, "Who shall I say is calling?"

Do not say, "Mathematics do not appeal to me." "Mathematics" is singular. Say, "Mathematics does not appeal to me."

Do not say, "He placed his fortune at their disposal." Say, "at their disposal."

Words Often Mispronounced

Suite (of rooms). Pronounce sweet, not soot.

Arithmetical. Accent third syllable, not the second.

Chicanery. Pronounce shi-can-er-i, both i's as in it, a as in

cane, and accent second syllable. Opportunity. Pronounce the u as in fuel, not as in rude.

Nee (born). Pronounce as though spelled nay.

Pro rata. Pronounce first a as in ray (not as in rat), accent second syllable.

Words Often Misspelled

Receive, ei; believe, ie. Meer-schaum; observe the four vowels. Descendant (noun); descendant (adjective). Tete-a-tete; four e's, only one a. The plural of "ally" is "allies." The plural of "alley" is "alleys." Accede (to yield or to agree to); exceed (to surpass, to be greater).

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:
Faux pas: a false step; especially an offense against social convention. (Pronounce fo-pa, o as in no, a as in ah, principal accent on second syllable). "The hostess found it difficult to overlook his faux pas."

'Charley's Aunt' opens at Chevy Chase Friday

Playing a female part will be nothing new for Robert Q. Lewis, radio and TV wit, when he appears in "Charley's Aunt," which opens June 20 at the Chevy Chase summer theater, one mile north of Wheeling.

Bespectacled Bob, favorite of thousands of Chicagoand television fans, first donned female garb in high school, when he authorized a travesty version of Macbeth for a class night play, with himself playing Lady Macbeth. Lewis will be wearing a black satin skirt, a lace fichu, and an old-fashioned wig and cap, when he scampers about the new "round" stage at the new Chevy Chase theater.

In "Charley's Aunt," Robert Q. is cast as a young Oxford student masquerading as a maiden aunt. Some of his classmates force the youth into this hilarious position in order to have her (him) entertain some young ladies whom they have invited for luncheon. Imagine their chagrin when the sweethearts hug and kiss Charley's dear, old aunt, and the fun-provoking situations it produces.

Joanne Dru and John Ireland will appear in the second Chevy Chase attraction, "John Loves Mary," July 1 through 6. Jane Wyatt appears in the popular comedy "Biography," July 8 through 13. Terry Moore and John Agar follow, July 15 in "Gramercy Ghost," July 15 in "The Petrified Forest," scheduled for July 22 through July 27, with Vincent Price to be featured in "Good-bye Again," July 29 through August 2.

'Floating' shelf in trunk solves tourist problem

On a vacation trip by automobile, space usually is at a premium. A midwest vacationer cleverly used the upper portion of his auto trunk for extra suits and coats, leaving the interior free of clutter and with unobscured vision.

Here's what he did: Suitcases were packed in the trunk first, so arranged that they would support evenly a portable shelf. Next he cut a piece of Masonite Presdwood, one-quarter inch thick, to the available width and depth remaining. In that way, the shelf didn't slide around.

He then placed the panel on a table, laying the coats and suits on it, one over another. To keep the clothes free of dust and any rain that might leak into the compartment, he wrapped them in a plastic cloth. The bundle then was tied up loosely with light cord and placed atop the suitcases.

This tourist reports that the clothing made the 2,000-mile trip "in perfect condition." If needed at a stopover, the board would be taken into the room and unpacked; otherwise, it remained in the trunk.

"It's the easiest and best way of carrying extra clothes in a car," he said. "The back seat riders particularly appreciated the full view they had, as there were no suits and coats hanging over part of the windows."

In California

Ens. Patrick J. Barrett, USN, son of Mr. and Mrs. John J. Barrett, and husband of Mrs. Joanne T. Barrett, all of 512 Banbury rd., Arlington Heights, is serving aboard the destroyer USS Uhlmann which is presently undergoing overhaul at the San Francisco naval shipyard.

The Uhlmann recently returned from a six-month tour of combat duty in the Far East where she operated off the coasts of Korea, Formosa and Japan.

During the four-month yard period, the ship will be refitted and serviced while the crew enjoys a well-earned tour of shore liberty.

In Korea

Pvt. Edwin F. Seeger, son of Mr. and Mrs. Fred W. Seeger, Roselle, is now serving with the 25th Infantry Division in eastern Korea.

The 25th, approaching its third year on the peninsula, held off the Reds at Pusan in the summer of 1950. Now the senior unit in Korea, its patrols are harassing enemy positions northwest of the Punchbowl.

Private Seeger is assigned to the 21st antiaircraft artillery automatic weapons battalion.

Before entering the army in November 1951, he attended Bensenville community high school and was employed as a printing press operator by the Kleckhefer container co. in Bensenville.

In Virginia

James Theis, son of Mr. and Mrs. Philip Theis of Arlington Heights, entered the army March 20. He spent two weeks at Fort Sheridan and completed his basic training at Fort Leonard Wood, Mo. He left Monday to attend diesel motor college in Virginia.

Legion plans gala Fourth of July fete

Three action packed hours of entertainment — including stock car races, circus daredevils, and the biggest fireworks display in Chicago's history — have been scheduled for the annual Fourth of July celebration in Soldier Field sponsored by the Cook county council of the American Legion.

Reserved seats at \$1.25 and general admission tickets at 75 cents can be bought in advance. The crash-and-bang auto races will include four 12 lap sprints and a 25 lap feature race, eight circus acts, and more than an hour of fireworks.

When the heart speaks, however simple the words, its language is always acceptable to those who have hearts.

At Lake Forest

Miss Joan Ann Sodaro, daughter of Dr. and Mrs. J. C. Sodaro, Circle dr., Medinah, received her B.A. degree in sociology at Lake Forest College's seventy-fourth annual commencement June 7.

Diplomas were presented to 215 graduates by Dr. Ernest A. Johnson, president of the college, before 2,200 parents, guests and alumni.

At Illinois

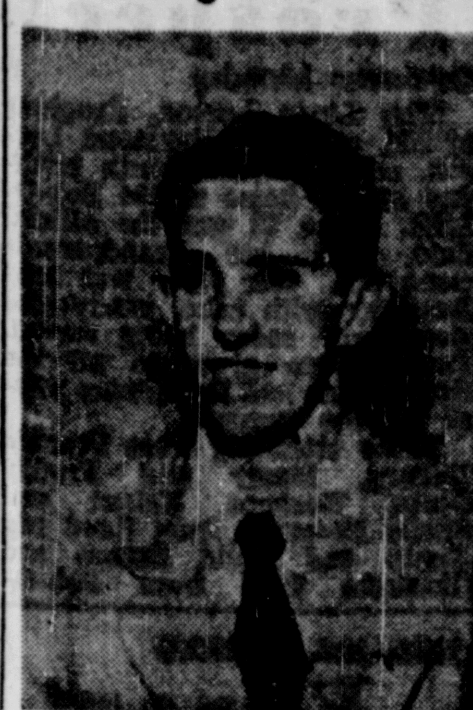

Paul E. Ransdell, Arlington Heights, who was commissioned an ensign in the navy preceding graduation from the University of Illinois, has received his orders for active duty.

He has been assigned to the USS Bairoke, escort carrier, and will report at his assigned designation in about 20 days after graduation.

At Principia

Arthur Fred Stockel, son of Mr. and Mrs. Arthur C. Stockel of 300 N. Benton st., Arlington Heights, recently received his junior college certificate from Principia college, Elmhurst, Ill.

At Bowling Green

Don Miller, son of Mr. and Mrs. Francis X. Miller of Rte. 1, Roselle, was graduated from Bowling Green university in Ohio with a bachelor of science degree in business administration at the recent commencement exercises.

During his four years at Bowling Green Don was very active in extra-curricular activities. He participated in many university stage and radio productions, and he was a member of Theta Alpha Phi, national dramatics honorary.

Don was elected student senator, junior class treasurer, and student union chairman during his sophomore and junior years. He was also active in student business association, Newman club, university glee club, interfraternity conference, and intramural athletics. His name is also listed in "American College Student Leaders."

This past year Don served as president of his social fraternity, Theta Chi, and was elected outstanding student. He also served as advertising manager of the university yearbook during his senior year.

Don is the second member of the Miller family to graduate from Bowling Green. His brother, Eugene, graduated last year.

At DeKalb

The honor roll for spring quarter was announced at Northern Illinois state teachers' college last week. A total of 328 students were listed as having a "B" average or better for the term just ended.

Those on the honor roll included Jacqueline Rands of Bensenville, Charles Fischer of Mt. Prospect, Lois Nordbee of Palatine, and Eleanor Niehaus of Wood Dale.

At Valparaiso

A one-act play by St. Peter Walther League of Arlington Heights: an award winning movie; acting, costuming, make-up, and lighting demonstrations; and interesting lectures on drama and dramatic techniques filled the program of the weekend dramatic art workshop at Valparaiso, Ind., university June 13-15.

Third in Valparaiso's annual series of institutes, this was the first time a Valpo summer institute was devoted to drama.

At Michigan

Paul E. Vawter Jr., son of Mr. and Mrs. Paul E. Vawter of 1230 Woodford Place, Arlington Heights, has been named the recipient of an Elmer Gedeon Memorial scholarship to the University of Michigan, according to word received by LeRoy J. Knoepfel, superintendent of Arlington Heights township high school.

In the congratulatory letter which Supt. Knoepfel received, Ivan W. Parker, secretary of the committee on university scholarships, states, "The scholarship is awarded to young men who are outstanding in moral character and good citizenship, scholastic ability and intellectual capacity and achievement, physical vigor and ability, and promise of leadership and success."

Paul, better known as "Jay," was graduated from Arlington Heights township high school this June with the enviable scholastic average of 4.79 (with an "A" counting 5 points and a "B" counting 4 points.) He has been an active participant in the athletic schedule, playing on the basketball squad for four years, with the tennis and baseball squads for one year, and on the track team for two years. He was accorded the signal honor of being elected to membership to National Honor Society as a junior on the basis of his outstanding service to the school, high scholarship, and fine character. As a senior, he also served on the senior class board, on the Cardinal staff, and as assistant director of the senior class play.

At Carthage

Kenneth Busse, son of Mr. and Mrs. Franklin Busse of 210 S. Highland ave., Arlington Heights, received a Bachelor of Science degree in business administration from Carthage college, Carthage, Ill. Presenting the degrees at the seventy-eighth annual commencement June 2 was Dr. Harold H. Lentz, president of the college.

Kenneth was among a class of 70 graduates.

At Purdue

James M. Marzen, son of Mr. and Mrs. Michael J. Marzen, 325 S. Cedar st., Palatine, a graduate of Palatine township high school, has received a special merit scholarship effective with the opening of the fall semester at Purdue university.

These special merit scholarships, awarded to a limited number of high school graduates of exceptional ability, personality and promise, provide exemption from certain fees. For non-residents of Indiana, this exemption amounts to \$100 per semester as the tuition fee. The scholarships, made on a semester basis, are renewable throughout the four years of undergraduate work so long as required scholastic standards are met.

At Missouri

JoAnn Marie Koester of Mt. Prospect, was among the approximately 1,700 graduates who received degrees at the 110th annual commencement of the University of Missouri.

Degrees were conferred upon the candidates by university president Frederick A. Middlebush following the commencement address by Cleo F. Craig, president of American Telephone and Telegraph company.

The ceremonies were held in Brewer field house.

JoAnn received a bachelor of science degree in education.

At Iowa State

Students from 36 states, Hawaii and 13 foreign countries joined with those from nearly every county in Iowa in receiving diplomas at the eighty-first annual commencement of Iowa State college Friday night.

The college awarded 949 degrees and certificates in ceremonies held at Clyde Williams field.

Among the graduates was Lucia Stevens, daughter of Rev. and Mrs. Edwin Stevens, 401 N. Wille st., Mt. Prospect.

At Knox

Miss Priscilla A. Glow, daughter of Mr. and Mrs. George A. Glow, 603 S. Belmont, Arlington Heights, was a candidate for bachelor of arts diploma at Knox college. Commencement exercises were held on the Knox campus Monday morning.

U. S. Senator Paul H. Douglas was commencement speaker. Honorary degrees were awarded by the college to Senator Douglas and Dr. Chauncey S. Bouchard, retiring this year as Abraham Lincoln lecturer in American civilization at Knox.

At Cincinnati

Miss Eleanor M. Dahms, of Arlington Heights, who was graduated from the University of Cincinnati college of applied arts at commencement exercises, received special recognition for her senior thesis.

Dean Ernest Pickering has announced that in the general art and education department her work was judged the best in three-dimensional design.

Miss Dahms, 1947 graduate of Paris high school, is the daughter of Mr. and Mrs. Walter R. H. Dahms, 401 N. State rd., Arlington Heights.

Celebrates birthday

Miss Linda Larson, daughter of Mr. and Mrs. Raymond Larson, celebrated her ninth birthday at her home at 604 Bob-O-Link. June 12 was the official date, and her grandparents came out. Her party was held Saturday with cake, candy and strawberry sodas being served. Favors were given to all the little guests and there were prizes for the games.

Those attending were Frankie DeBerg, Nancy and Freddy Garm, Suzanne Nelson and Sheila Hewatter from Rand rd.; Kenty and David Nelson and Charlotte Talo from Bob-O-Link; Kenneth Middleton from Prospect Manor; Toddy Stoddard from Chicago, and Pat Magoon from Park Ridge, her two cousins and her six year old sister, Teri.

Return home

Mr. and Mrs. Ronald Long returned to their home Thursday night after a week's vacation in Iowa. With their children they visited Mr. Long's parents in Ames, Iowa. Then they went to Lake Mills to visit Mrs. Long's parents. The two boys, David and Dick, stayed there for the summer. Dickie's birthday, his sixth, was Monday.

MRS. JOE REMSING Ph. Vanderbilt 4-94th

Forest River

Mr. and Mrs. Joseph Remsing Sr. were pleasantly surprised June 11 by the ladies of the Forest River Auxiliary with a horseshoe made of silver dollars in honor of their 25th wedding anniversary. They also received many other expressions of good will and cards.

At the June meeting of the Ladies Auxiliary it was decided to have the annual picnic open to anyone who cared to attend. Those bringing guests are asked to provide extra food accordingly. Children must be accompanied by parents. In July the Auxiliary will not have its regular afternoon social as the picnic will act as the social. The chairman for July will be in charge of the games for the ladies. A charge will be made for those who participate in the games. The food will be served family style. Everyone is asked to furnish their own plates, cups and silver.

The Friendly club, composed of wives of the members of the Fraternal Order of Eagles, formerly of the Des Plaines Airie, had a tour at the Croydon China Co. June 11. Forty-two women attended. Their premium for this tour was a beautiful set of chinaware which will be used in a money making project. The Friendly club ladies have dedicated themselves to giving aid to all unfortunate, not necessarily their own members. At the present time they are aiding, both financially and morally, a TB victim and a bed-ridden patient who lives in Arlington Heights. At Christmas and at Thanksgiving they provide baskets of food and when necessary, they also purchase needed clothing.

Marge Rill entertained the Friendly club at her home June 16. Plans were discussed and arranged for their annual games party to be held at the Forest River club house September 26. Any donations for this affair will be greatly appreciated.

The Zeravich family had Mrs. Braun and her two sisters from Milwaukee as their guests for supper June 11 and then they all drove to Milwaukee for the evening.

Marge Pohlman is spending some time in Philadelphia with her brother's family, the George Kinnears, to help them get themselves adjusted after the sudden death of Mr. Kinnear.

Wilson Community

The Wilson PTA is continuing the kindergarten project and 17 youngsters are interested in signing up for this coming fall. The class, however, will have to have a minimum of 25 students, since it will be conducted on a tuition basis. Those who are interested and have not contacted Mrs. William Thompson, please phone Arlington Heights 7066-R.

Mrs. Robert Huebner is teaching at the Bible school held at the St. John Evangelical Lutheran and Reformed church in Arlington Heights for a two week period. Next Wednesday 22 of the primary children, accompanied by some of the mothers, will visit the Bensenville orphanage. Each will take a basket lunch for two, which they will share with children of the Home and they will spend the afternoon playing games.

Dean Luethje was pleasantly surprised by nine of his classmates who came to help him celebrate his eighth birthday June 10. They all had a most enjoyable time.

Mrs. Arthur Magnussen, primary teacher at the Wilson school, will begin a term of summer school in Chicago next Friday in order to obtain credits toward a degree.

Mr. and Mrs. Bill Curtis and children have moved from Palatine rd. to their new home on Wilke rd., just north of Northwest hwy.

Janet Schneider, daughter of Mr. and Mrs. Bill Schneider of Arlington Knolls, is spending her vacation visiting her aunt, Mrs. McDowell in Irving, Ill.

Mrs. Andrew Wallor and son, Andy, have returned from a visit to Cleveland, Ohio. Mrs. Wallor's aunt, Miss Carrie Reynolds of Cuyahoga Falls, O., flew back with them to spend a few weeks in Arlington Heights.

Sunday guests in the Ralph Sedlar home were Mr. and Mrs. Edward Sedlar, Milwaukee, Mrs. Bea Peterson, and Mr. and Mrs. Fred Sedlar, Mundelein.

Warren Sprague, Pittsburgh, Penn., called Mr. and Mrs. John Hans Wednesday morning.

Sgt. Allen Laycock, Rapid City air force base, Weaver, S. D., visited with the August Lamarche family Thursday evening.

Mr. and Mrs. Arthur Potts and Pvt. Melvin Townner were Sunday evening callers in the Nick Potts home in Libertyville.

The Women's Auxiliary of Long Grove church will meet Thursday, June 26, at 8 p. m. The theme of the meeting will be, "The Heritage of Song." Mrs. G. B. Umbdenstock will lead the worship and Mrs. Robert Kieper, Prospect Heights, will be speaker and soloist.

Congratulations to Mr. and Mrs. Thomas Lynch (Mrs. Lynch is the former Merle Wolf) who were united in marriage Saturday evening at Long Grove church, and also to Mr. and Mrs. Charles Hseman, who were married Saturday evening in St. Lawrence Episcopal church in Libertyville.

Mr. and Mrs. G. G. Umbdenstock and Mrs. Emma Kruger were Sunday evening callers in the Elmina Schley home in Libertyville.

JUST DOGS

In number of entries from one individual in the area both the Carrvale Kennels, owned by Dr. H. J. Carr of Palatine, and the entry of Tressa E. Thurner of Palatine, who each had five entries, took top honors. They were followed by many folks who had four, three, and so on down the line, entered the show.

Poison

At this summer season the dog owner must be especially vigilant lest his pet pick up poisonous substance on his more frequent excursions outdoors.

Keep him away from fresh paint or varnish, which are responsible for quite a number of dog deaths annually. Also from fertilizers, poison sprays, etc., that have been put out. Dishes of rat poison and ant poison carelessly left about also have a lethal effect on dogs.

The first thing to do if a dog is suspected of having eaten a poisonous substance is to make him vomit. A half teaspoon of salt placed far back on his tongue, with the mouth held partly closed to force him to swallow, should do the trick. Also liquids such as a large dose of milk, or soap suds into the dog will help.

Then above all hurry him to your veterinarian. Different poisons call for different treatments and only an experienced professional will be able to recognize the type involved and how to best treat it.

Dog facts

In a race against a quarter-horse, "Dentex Dan," a Greyhound owned by Buster Floca, of Temple, Tex., won by five lengths. Also on a western note, "Sparky," who helped herd the first modern-day cattle drive into Denver, Colo., is rated by owner Pat Graves as the equal of five men on horseback.

LANGUAGE

A truth is as comfortable in homely language as in fine speech. —Charles Spurgeon

About your health

A cataract is not a growth or a tumor. Actually it is a clouding of the lens of the eye which results in blurring and dimming of vision, and, if neglected, ultimate loss of sight.

The structure of the eye is composed of many parts, including the iris, which is the colored part; the sclera or the white section, and the cornea or the transparent part in the front of the eye. The lens of the eye focuses the rays of light on the retina, or the sensitive membrane inside the eye which, in turn, conveys images to the brain.

WHEN A CATARACT develops, the lens becomes cloudy and images are blurred. It is difficult to see clearly. While impairment of vision is one of the first symptoms that a cataract is developing, the same characteristic is associated in many other eye conditions. The blurred vision is a signal that something is wrong and should be investigated.

While cataracts can occur at any age, they commonly develop in older people. In fact they are a part of the aging process. Sometimes children are born with cataracts and these are called congenital.

THE MOST effective treatment of cataract is surgery. In a small percentage of cases, the results are not beneficial and eyesight is not restored. Many factors must be considered, chief of which is the general health of the individual. Nutritional deficiencies, diabetes and other conditions must be corrected.

Because cataracts may occur in one or both eyes, some people think they are infectious. This is not true. Another fallacy is the notion that drops and medicines can be used in the eye to dissolve the cataract. While it is true that an eye physician will, in some patients, prescribe a medication, the aim is to retard

determining whether an operation is indicated, and not the degree of ripeness. In fact, there are some cataracts that never develop to a point where surgery is required, while, in others, neglect permits the condition to progress to a point where surgery would not be successful.

If the operation is performed, however, the cloudiness is removed from the lens so that images are again clearly focused and eyesight is restored.

Since a cataract is a disease of the eye, only an ophthalmologist or an eye physician is capable of treating it. An ophthalmologist is a doctor of medicine who has studied the body as a whole and concentrated, in particular, on diseases of the eye.
